Deers Edge Walnut, 51-47; Trojans Clip Jackson, 76-40

Myers Romps For Chestermen With 23 Tallies

Walnut Township's hopes of emerging as the cinderella team of the Pickaway County cage tournament came to a dramatic end last night as the Deers of Williamsport waved a magic wand to tame the Tigers, 51-47, at the local coliseum.

An estimated crowd of more than 2,000 got their money's worth as both teams battled down to the wire looking for victory. The tireless Tigers, upset victors over Ashville in the first game of the tournament, made a valiant bid throughout the test but a devastating attack by David Myers and company of Williamsport proved too much.

Pandemonium reigned with only 45 seconds remaining when Walnut's Gary Hoover stripped a long one to make the score read 48-47 in favor of Williamsport.

Williamsport, determined to win at all costs after holding a slim lead throughout most of the game, climaxed the victory when Reed Anderson walked to the foul line to drop in one point and Nick Stonerock repeated with two more charities. About four seconds remained at this point, too late for Walnut to make one of its famous comebacks.

MYERS, although he fouled out with 3:45 left in the fourth quarter, gave a splendid exhibition of shooting to lead both teams in scoring with 23 points. In hitting 11 of 19 attempts from the field, the Deer hotshot connected on long ones, short ones and other assortments. Walnut suffered a serious setback when it was discovered that usually potent set shot artist Gary Hoover was not hitting. The Tiger eager gave his all but could not connect on his one-handers, one of the main reasons for Walnut's earlier win over Ashville. He ended the evening with six points on two buckets and two foul shots.

Stonerock was another deciding factor in the Deer win. The big center, coming into the game as a substitute, soon found the range to rack up 19 points and provide some valuable rebounding.

Bill Brewer gave Walnut's attack a shot in the arm by registering 14 points, high for the Tigers. Dave Weaver, hitting mostly from the side and on drives, was another mainstay with 13 markers.

Boyd Barr, handicapped by four personals in the second quarter, was the third Tiger in double figures with 10 points.

Walnut concentrated its defensive effort in an attempt to stop Myers. Although the Tigers over-loaded on the side the Deer specialist happened to be on, the move was not enough to halt his scoring spree.

THE CONTEST opened with all indications that a close battle was in store. Weaver hit from under and Myers soon retaliated with a long one and from then on the game was open for both teams.

Walnut ended the first quarter with a 9-8 lead, but Myers and Stonerock immediately went to work to give the Deers a narrow 26-23 halftime advantage.

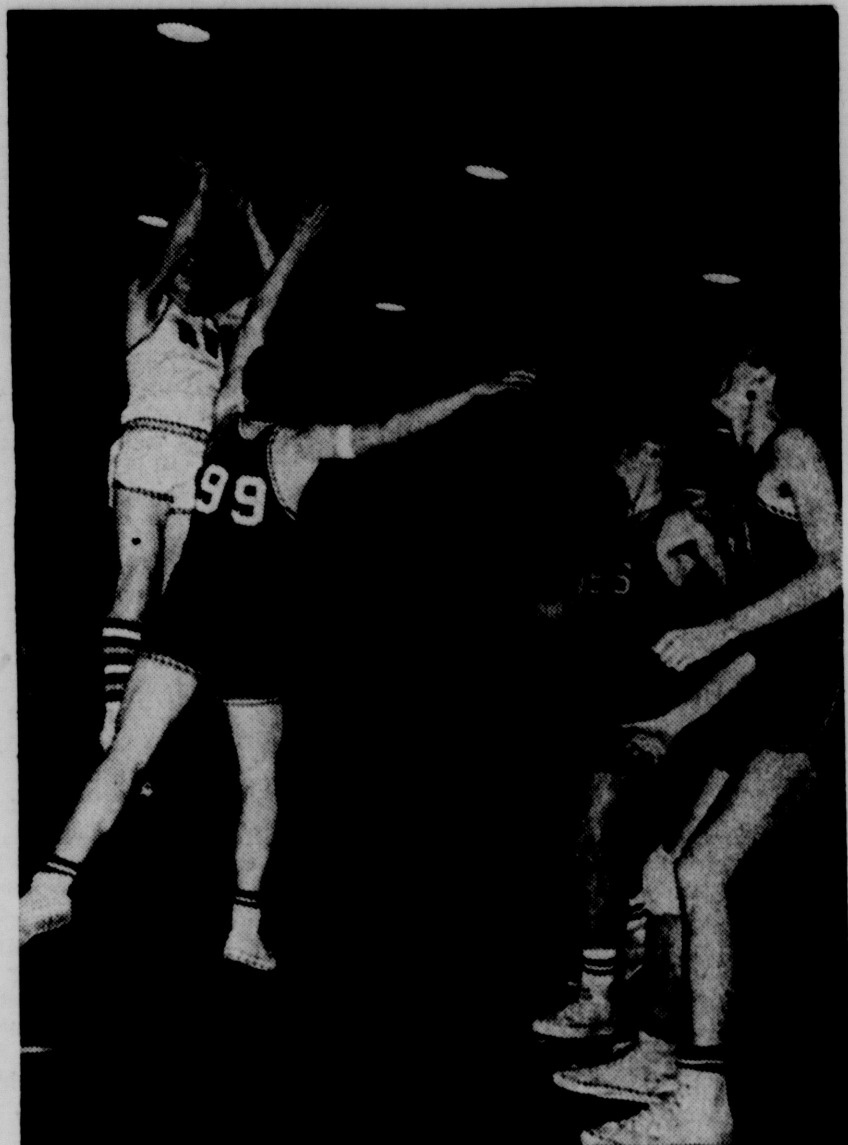

Williamsport stayed around to chalk a 40-33 margin as the third chapter ended, but the game was far from over. With fire in their eyes, the Tigers clawed back in the closing minutes to send fans into an uproar.

With Williamsport enjoying a 45-38 lead and about 3:18 on the clock, Brewer dumped in three quick foul shots to narrow things to 45-41.

Stonerock netted a foul shot for the Deers but Hoover countered with a one-hander. Stonerock then dunked a rebound shot but Chuck (Continued on Sports Page)

Blackburn Nominated

WASHINGTON (AP)—President Eisenhower has nominated Leo C. Blackburn as postmaster of Portsmouth, Ohio.

UP AND AWAY—Williamsport's Nick Stonerock leaps high in the air in the first stage of sending a looping two-pointer through the hoop in county tournament cage action last night at the coliseum. Stonerock's effort was earmarked a success as he and his Deer teammates outlasted the battling Tigers of Walnut in a 51-47 tussle. Attempting to stop Stonerock's bid is Walnut's Chuck Gray (99). Tigers Dave Weaver (66) and Bill Brewer (77) watch the proceedings with an alert eye. (Staff Photo)

Red Cross Flood Disaster Operation Concluded Here

Pickaway County Chapter, American Red Cross today announced conclusion of the disaster operation as the result of the recent flood.

Miss Henrietta Brocksmith, the case worker in charge of work in Circleville, has gone to Chillicothe to assist with the rehabilitation work there.

Officials of the local chapter point out that it is impossible to budget for disaster each year and

an emergency of this size must be met when it comes.

For this reason it is necessary to make an appeal for funds from the public, particularly since recurring floods and tornadoes have brought greater needs for the assistance of the American Red Cross in many parts of the country. Contributions may still be mailed to the office at 114 1/2 N. Court St.

THE LOCAL chapter expressed its appreciation to all Circleville merchants, organizations and individuals who have helped in so many ways to assist these families in returning to their normal way of living. The American Red Cross is a participating agency in the Pickaway County Community Fund.

Statistics on the Red Cross disaster operation here included number of cases registered, 37; cases completed for emergency assistance only, 31, and cases needing more than emergency assistance, six.

Cost of the emergency operations included mass care, \$92.46; food, clothing, coal, fuel oil and rent for 29 families, \$1,321.27; repair to the homes of 11 families, \$2,175.70.

Household furnishings for 24 families, \$4,738; medical care for four families, \$61.12, and occupational supplies and equipment for three families, \$554. Total assistance amounted to \$8,942.55.

Contributions from Pickaway County residents totaled \$855.25. Donations will be accepted at any time and are directly needed for further emergencies.

THE BIG problem is not getting

DHS Explodes On Pace Set By Drummond

Darby nearly doubled the score on Jackson Twp. last night, in the fourth game of the Pickaway County Tournament quarter-finals held in the fairgrounds' coliseum, to win going away, 76-40.

Any notion of an upset by the Wildcats was quickly dispelled early in the game as Darby soared to an immediate 15-4 lead.

Jackson led once in the dull and unexciting contest, 2-1 on a corner set shot by Charlie Galloway after Darby's Dave Musselman had scored the first point in the game, a free throw.

After the Trojans regained the lead on a corner jump shot by Tommy Walters, Alvin Cox and John Drummond ran the score to 11-4. Only a long outside shot by Gary Thompson marred Darby's brilliance throughout the rest of the period.

DRUMMOND RACKED the nets for six points in the stanza and tallied 24 for game scoring honors on excellent tip-ins, turn-around-jumps and several hard hooks.

The Trojans started out with a 3-2 zone defense, counteracted by Jackson's man-to-man. The Wildcats' top scorer, Galloway, was handicapped with a bad cold and never hit his scoring stride during the battle.

Jackson practically matched Darby bucket for bucket in the second period as Jerry Brigner found his marksmanship from the corner, scoring three fielders and four free throws for 10 of his 22 points for the game.

A slippery floor played havoc with a deadly Trojan fast break, which was aided by the rebounding of Drummond and Musselman.

Darby ran to a 35-17 lead at halftime, shooting 44 per cent from the field, notching 16 of 37 attempts. Jackson connected on six of 21 for 28 per cent.

A slightly pressuring Darby defense rattled the youthful Wildcats. During the second period, Jackson switched into a 2-1-2 defense to halt the side court shooting of Tommy Walters, who swished eight points, followed by Drummond and Tommy Liff with five apiece.

AFRAID OF A JACKSON stall in the third quarter, Darby went into a man-to-man defense meeting the Jackson guards at mid-court to break up any delaying tactics.

The Wildcat offense completely went to pieces in this period, being held to five points—three by Brigner and a field goal by Robert Eitel.

Darby retaliated with an 18-point spurge to hold a 52-22 third quarter margin. After a slow beginning, Musselman, Cox and Drummond netted five, four and three points respectively.

Jackson fought the highly touted Trojans with a man-to-man defense, but couldn't prevent (Continued on Sports Page)

DiSalle's Tax Collection Idea Getting Study

Local Level Collection Plan Said To Involve 85 Pct. of Revenue

COLUMBUS (AP)—Gov. Michael V. DiSalle's suggestion that the state should let local governments collect the sales taxes they use is getting close study today.

Having tossed the idea up for public airing, the governor is now sitting back awaiting reaction. In his presentation Monday, he said: "Somehow the state has to get the story over to the people that it is contributing to local governments, including the schools. Somehow we must get over to the people that 85 per cent of state money is returned to local governments in some form of subsidy and that only 15 per cent is available for state operations."

If he changes the entire tax collection structure, he is planning the change for this year or two years hence?

"Immediately," he replies. "It does not appear too complicated a job."

"If you ask local subdivisions to collect their own taxes, how would you handle the state policy of equalizing education opportunity through special aid to weak school districts?" the governor was asked.

"Through a per capita levy against school districts, payable to the State Board of Education," he replied. "That would form a pool to carry out the principle of the state school foundation program."

Financial side remark: When the state makes its quarterly payment of 44 1/2 million dollars to the school foundation program, it will be flat broke, DiSalle told newsmen.

What's behind the governor's big pitch for local collection of heavy taxes? DiSalle asserts: "I would like to say to the local governments: 'You take the programs you administer and the state will take those it administers.' We might recommend that the state get out of the sales tax field. We could give up the utility excise tax in addition . . . and others."

"The more local responsibility that we have in these matters, the more chance there will be for the over-all tax bill to be smaller. I think that the tighter the control that people have over appropriations, the more you will see that reflected in their approach to the levying of taxes."

How would the return of local taxes be administered?

"Through county tax boards," the governor replied. "The machinery is already there, essentially."

Tonight the director reports to the Ohio Senate Committee on Highways and is expected to explain the financial picture.

Preston reported he hopes to have the department's biennial program ready by the last of February. He said part of the program will be made dependent on federal funds, which will not be available until after July 1.

NEW Satellite, Rocket Plane Flights Hinted

LOS ANGELES (AP)—A polar orbiting satellite and the North American X15 rocket plane may both soar aloft next week, a news paper says.

The Times said today the Discoverer satellite, once set for Jan. 21, may be launched from Vandenberg Air Force Base about Feb. 25.

The X15, designed to carry the first man into space, is to fly with its B52 mother plane, from Edwards Air Force Base.

WASHINGTON (AP)—The Clinton County budget commission has been ordered to increase its 1959 local government fund allocation to the city of Wilmington by \$4,800, the State Board of Tax Appeals said today.

Wilmington was allocated \$26,797 originally and appealed to the board on grounds it should receive at least a third of the total funds available. Under the board's order the city will receive \$31,500 and the allocation to Clinton County will be reduced from \$53,594 to \$48,791.

Clinton Budget Change To Aid Wilmington

WASHINGTON (AP)—The Clinton County budget commission has been ordered to increase its 1959 local government fund allocation to the city of Wilmington by \$4,800, the State Board of Tax Appeals said today.

Wilmington was allocated \$26,797 originally and appealed to the board on grounds it should receive at least a third of the total funds available. Under the board's order the city will receive \$31,500 and the allocation to Clinton County will be reduced from \$53,594 to \$48,791.

WASHINGTON (AP)—The Clinton County budget commission has been ordered to increase its 1959 local government fund allocation to the city of Wilmington by \$4,800, the State Board of Tax Appeals said today.

AFL-CIO Talks of 'March' Of Unemployed on Capital

SAN JUAN, Puerto Rico (AP)—AFL-CIO leaders are considering a mass march of hundreds of thousands of jobless Americans on Washington to dramatize the unemployment problem.

The labor union chiefs holding their winter meeting in this sun-drenched Caribbean resort were reported planning a series of blockbusting declarations criticizing President Eisenhower's economic policies and urging more government spending to reach full production and full employment.

Chairman Walter Reuther has been drafting a series of statements in closed sessions of the AFL-CIO Economic Committee. An initial statement, due for Executive Council approval Wednesday, reportedly denounces Eisenhower's 77-billion-dollar budget as inadequate for the nation's development to meet the Soviet Union's production threat.

Reuther is reported considering labor sponsorship of a mass influx, by train, auto and afoot, of thousands of idle workers on the capital to appeal to the President and Congress for economic legislative action.

Reuther first broached the idea of a jobless march before an AFL-CIO legislative conference in Lansing, Mich., Feb. 6. He said it would "shatter the complacency of the nation's leaders."

Reuther told newsmen here the nation's January jobless total of 4,700,000 would mount to around five million this month. He said that at least 1 1/2 million additional jobless were not discouraged to seek work and don't show on the unemployed rolls. Millions of others are underemployed, working part time, he added.

"We have to use a little shock treatment to wake up our government to this dire situation," said Reuther, who heads the United Auto Workers as well as the in-

dustry union division of the AFL-CIO.

Word reached here from Washington that negotiations had collapsed between court-named monitors and Teamsters Union President James R. Hoffa to speed anti-corruption reforms in his union.

WASHINGTON (AP)—The United States today cast a "weather eye" satellite into orbit.

The 2 1/2-pound sphere, housing instruments capable of reporting the earth's cloud cover, was flung into space with a redesigned model of the often-disappointing Vanguard rocket.

The three-stage rocket soared away from Cape Canaveral, Fla., at 10:55 a.m. EST.

The National Aeronautics Administration announced here about 2 hours and 20 minutes later that the satellite was in orbit.

The basketball-sized new moon marks the opening step in a program of using satellites as aids in improving short-range and long-range weather forecasting.

Spurring a glowing trail of orange flame, the missile climbed steadily for some 10 seconds after through a blanket of gray storm clouds.

The missile's behavior appeared to be perfect during the brief time that it was in sight.

It had begun to rain lightly just before blast time, but this did not affect the launching.

If all went well, the first-stage rocket would burn out at an altitude of 38 miles 2 1/2 minutes after launch.

The second stage—the guiding "brain" of Vanguard—then was to go into full action for a full two minutes boosting the payload's speed to 9,000 miles per hour.

After a coasting flight, the third stage would ignite pushing the satellite to the velocity needed for orbit.

The missile's weight at liftoff was 22,600 pounds, but 90 per cent of the load was fuel.

The satellite contains two light-sensitive photoelectric cells designed to spot the earth's cloud cover as the tiny moon speeds through its orbital path. Scientists hope to fashion a crude weather map from the flight log, radioed back from a tape recorder.

Ultimately that data could help weathermen spot violent storms building up anywhere around the earth.

The 72-foot Vanguard rocket had been a 100-million-dollar flop in six out of seven previous tries. The last was made five months ago.

The National Aeronautics and Space Administration, which took over Project Vanguard last fall, has gone over the three-stage missile part by part in search for the mechanical bugs which caused the previous failures. Minor alterations were introduced but their nature was not revealed.

The mission today was the same as last Sept. 26 when the satellite burned up over central Africa after making one uncertain sweep around the globe.

The United States still has three satellites up in the company of the Soviet Union's massive Sputnik III.

2 CHS Seniors Attain Honors

Barbara Sieverts High in State Test

Barbara Anne Sieverts, Circleville High School senior, was Pickaway County's top student participating in the State General Scholarship Test. She ranked in the upper five per cent of all pupils taking the exam.

Miss Sieverts, daughter of Mr. and Mrs. Fritz W. Sieverts, 503 N. Pickaway St., attained a score of 220 out of a possible 300. The test was taken Dec. 12, 1958, at Circleville High School.

Calvin Lamar Ellis, another Circleville senior, also placed in the top five per cent with a score of 218. Ellis is the son of Mr. and Mrs. Irving L. Ellis, Knollwood Village.

Jerry Mac Lux, New Holland, attained a score of 224. He represented Miami Trace School District in Fayette County. The top 25 per cent in Pickaway County, their scores and schools represented were:

JOHN NOECKER, 197, Walnut; Velma A. Kuhn, 187, Ashville; W. Douglas McCoard, 183, Circleville; Howard B. Newton, 183, Ashville;

R. Darrell Long, 176, Atlanta; Richard L. Gerhardt, 173, Circleville; Deena K. Musselman, 171, Circleville; Linda L. Cummins, 168, Ashville; John H. Dunlap, 165, Circleville;

Robert Featheringham, 165, Ashville; Nathan W. Wilson, 165, Pickaway; Connie S. Butcher, 164, Circleville; Judy Fee, 163, Jackson; Thomas N. Greeno, 161, Circleville; William C. Purcell, 161, Circleville;

Nancy A. Wilson, 161, Pickaway; Michael E. Clark, 160, Circleville; Ann L. Swartz, 160, Satterree; Brent Bell, 157, Circleville; Mary E. Downs, 153, Jackson; M. Phyllis McCoard, 148, Circleville; Alice E. Dawson, 147, Circleville, and Betty E. Eitel, 145, Jackson.

Eric T. Carson of Shaker Heights placed first among the boys who participated in the test. His score was 276 of a possible 300.

First place among senior girls was attained by Marian Howe of Winterville High School, Jefferson County, with a score of 267.

SECOND RANKING BOY, with a score of 272, was Carl H. Schwalbe of Chillicothe, and second ranking girl was Martha A. Barcalow of Euclid, who scored 263.

The General Scholarship Test was administered under the direction of John G. Odgers, director of scholarship tests, whose division is also responsible for developing the test and for scoring and ranking all papers.

"This year the test was taken by 22,717 Ohio seniors," Holt noted, "which is an increase of almost 3,500 over last year." He also emphasized that this increase is indicative of the growing recognition by high school students of the importance of scholastic achievement.

Odgers stated that one of the purposes of the testing program is to give recognition for scholastic attainment. He indicated that the results of this test are recognized by colleges and universities throughout the nation as one of the most reliable predictors of academic success in college.

He stated that many colleges, both in Ohio and other states, use the test results as one basis for granting scholarships to worthy graduates.

Results of the test are sent by the Division of Scholarship Tests to any college or university in the world at the request of the participating senior. In addition, the names of high ranking seniors who have not yet selected a college are listed and sent to some 500 colleges throughout the country.

WASHINGTON (AP)—A former Steubenville man, 43-year-old Ambrose H. Parks, will soon assume responsibility, probably early in March, for purchasing supplies and equipment for the State Highway Department, it was announced today.

Parks, who resides in Columbus, has been a purchasing agent in the State Department of Finance for 10 years. As Highway Department purchasing agent, he will replace Kenneth J. Haniboe of Upper Arlington.

DiSalle's Tax Collection Idea Getting Study

Local Level Collection Plan Said To Involve 85 Pct. of Revenue

COLUMBUS (AP)—Gov. Michael V. DiSalle's suggestion that the state should let local governments collect the sales taxes they use is getting close study today.

Having tossed the idea up for public airing, the governor is now sitting back awaiting reaction. In his presentation Monday, he said: "Somehow the state has to get the story over to the people that it is contributing to local governments, including the schools. Somehow we must get over to the people that 85 per cent of state money is returned to local governments in some form of subsidy and that only 15 per cent is available for state operations."

If he changes the entire tax-collection structure, is he planning the change for this year or two years hence?

"Immediately," he replies. "It does not appear too complicated a job."

"If you ask local subdivisions to collect their own taxes, how would you handle the state policy of equalizing education opportunity through special aid to weak school districts?" the governor was asked.

"Through a per capita levy against school districts, payable to the State Board of Education," he replied. "That would form a pool to carry out the principle of the state school foundation program."

Financial side remark: When the state makes its quarterly payment of 44 1/2 million dollars to the school foundation program, it will be flat broke, DiSalle told newsmen.

What's behind the governor's big pitch for local collection of heavy taxes? DiSalle asserts:

"I would like to say to the local governments: 'Yoh take the programs you administer and the state will take those it administers.' We might recommend that the state get out of the sales tax field. We could give up the utility excise tax in addition . . . and others."

"The more local responsibility that we have in these matters, the more chance there will be for the over-all tax bill to be smaller. I think that the tighter the control that people have over appropriations, the more you will see that reflected in their approach to the levying of taxes."

How would the return of local taxes be administered?

"Through county tax boards," the governor replied. "The machinery is already there, essentially."

Clinton Budget Change To Aid Wilmington

COLUMBUS, Ohio (AP)—The Clinton County budget commission has been ordered to increase its 1959 local government fund allocation to the City of Wilmington by \$4,800, the State Board of Tax Appeals said today.

Wilmington was allocated \$26,797 originally and appealed to the board on grounds it should receive at least a third of the total funds available. Under the board's order the city will receive \$31,500 and the allocation to Clinton County will be reduced from \$53,394 to \$48,791.

AFL-CIO Talks of 'March' Of Unemployed on Capital

SAN JUAN, Puerto Rico (AP)—AFL-CIO leaders are considering a mass march of hundreds of thousands of jobless Americans on Washington to dramatize the unemployment problem.

The labor union chiefs holding their winter meeting in this sun-drenched Caribbean resort were reported planning a series of blockbusting declarations criticizing President Eisenhower's economic policies and urging more government spending to reach full production and full employment.

Chairman Walter Reuther has been drafting a series of statements in closed sessions of the AFL-CIO Economic Committee. An initial statement, due for Executive Council approval Wednesday, reportedly denounces Eisenhower's 77-billion-dollar budget as inadequate for the nation's development to meet the Soviet Union's production threat.

Reuther is reported considering labor sponsorship of a mass influx, by train, auto and afoot, of thousands of idle workers on the capital to appeal to the President and Congress for economic legislative action.

Reuther first broached the idea of a jobless march before an AFL-CIO legislative conference in Lansing, Mich., Feb. 6. He said it would "shatter the complacency of the nation's leaders."

Reuther told newsmen here the nation's January jobless total of 4,700,000 would mount to around five million this month. He said that at least 1 1/2 million additional jobless were not discouraged to seek work and don't show on the unemployed rolls. Millions of others are underemployed, working part time, he added.

"We have to use a little shock treatment to wake up our government to this dire situation," said Reuther, who heads the United Auto Workers as well as the in-

No Use Due This Year of N-S Freeway

COLUMBUS, Ohio (AP)—Opening of some sections of the Cincinnati-Connecticut Freeway will be delayed until sometime in 1960, Highway Director Everett S. Preston said today.

He blamed recent floods, heavy rains last summer and entanglements of at least one contractor for the delay. The previous administration had set October 1959 for opening of the 137 miles under contract.

Preston also said there are several segments of the freeway yet to be placed under contract, from Harrisburg, south of Columbus, to the Pennsylvania line.

Tonight the director reports to the Ohio Senate Committee on Highways and is expected to explain the financial picture.

Preston reported he hopes to have the department's biennial program ready by the last of February. He said part of the program will be made dependent on federal funds, which will not be available until after July 1.

New Satellite, Rocket Plane Flights Hinted

LOS ANGELES (AP)—A polar orbiting satellite and the North American X15 rocket plane may both soar aloft next week, a newspaper says.

The Times said today the Discoverer satellite, once set for Jan. 21, may be launched from Vandenberg Air Force Base about Feb. 25.

The X15, designed to carry the first man into space, is to fly with its B52 mother plane, from Edwards Air Force Base.

New Vanguard Firing Labeled As Success

21 1/2-Pound Payload Includes Instruments To Relay Vital Data

WASHINGTON (AP)—The United States today cast a "weather eye" satellite into orbit.

The 21 1/2-pound sphere, housing instruments capable of reporting the earth's cloud cover, was flung into space with a redesigned model of the often-disappointing Vanguard rocket.

The three-stage rocket soared away from Cape Canaveral, Fla., at 10:55 a.m. EST.

The National Aeronautics Administration announced here about 2 hours and 20 minutes later that the satellite was in orbit.

The basketball-sized new moon marks the opening step in a program of using satellites as aids in improving short-range and long-range weather forecasting.

Spurring a glowing trail of orange flame, the missile climbed steadily for some 10 seconds after through a blanket of gray storm clouds.

The missile's behavior appeared to be perfect during the brief time that it was in sight.

It had begun to rain lightly just before blast time, but this did not affect the launching.

If all went well, the first-stage rocket would burn out at an altitude of 38 miles 2 1/2 minutes after launch.

The second stage—the guiding "brain" of Vanguard—then was to go into full action for a full two minutes boosting the payload's speed to 9,000 miles per hour.

After a coasting flight, the third stage would ignite pushing the satellite to the velocity needed for orbit.

The missile's weight at liftoff was 22,600 pounds, but 90 per cent of the load was fuel.

The satellite contains two light-sensitive photoelectric cells designed to spot the earth's cloud cover as the tiny moon speeds through its orbital path. Scientists hope to fashion a crude weather map from the flight log, radioed back from a tape recorder.

Ultimately that data could help weathermen spot violent storms building up anywhere around the earth.

The 72-foot Vanguard rocket had been a 100-million-dollar flop in six out of seven previous tries. The last was made five months ago.

The National Aeronautics and Space Administration, which took over Project Vanguard last fall, has gone over the three-stage missile part by part in search for the mechanical bugs which caused the previous failures. Minor alterations were introduced but their nature was not revealed.

The mission today was the same as last Sept. 26 when the satellite burned up over central Africa after making one uncertain sweep around the globe.

The United States still has three satellites up in the company of the Soviet Union's massive Sputnik III.

Highway Purchasing Executive Selected

COLUMBUS, Ohio (AP)—A former Steubenville man, 43-year-old Ambrose H. Parks, will soon assume responsibility, probably early in March, for purchasing supplies and equipment for the State Highway Department, it was announced today.

Parks, who resides in Columbus, has been a purchasing agent in the State Department of Finance for 10 years. As Highway Department purchasing agent, he will replace Kenneth J. Hanboe of Upper Arlington.

Huge Nation Is Absorbed In Ceaseless Labor Stint

Editor's note—Cleanliness in the "New China" is astounding. Women have achieved full equality with men. But most striking, says a distinguished Indian observer who traveled widely in Red China, is the eerie spectacle of a huge nation totally absorbed in ceaseless labor. This is the second of five articles.

By Dr. Sripati Chandrasekhar
Copyright, 1959,
by The Associated Press

A major aspect of the Chinese scene that cannot escape one is that the whole nation is at work, hard at work, 24 hours a day.

Three shifts in a textile mill or a steel plant are understandable for technical reasons. But in Communist China people do everything on a day and night basis.

I was told about this by my Chinese friends and I did not believe it. But it was brought home to me at 1 a.m. one morning when I was driven to the Peiping hotel, where I was staying, after a dinner with some Chinese officials.

I saw that both sides of the road were brightly lit by a million electric lights strung in festoons as in a fairyland. I was told that these lights meant that people were working. I stopped the car and inquired. It was true.

Some 2,000 workers nearby were building the new Peiping Opera House so that it might be ready for the 10th anniversary of the revolution. The work had been going on night and day on a three-shift basis.

It was the same story in other cities. In one suburb of Peiping alone, where a new cultural center is being created, I counted some 18 massive structures being built around the clock. They will house the various technological research institutes that will carry on research in steel, oil, water conservation, etc. These institutes are usually completed in three or four months.

Not only do the Chinese work all

the time, but they work in massive numbers. You see 20 people pulling a loaded cart—some pulling with ropes like animals, some pushing from behind.

The reason for this phenomenon is that people are at the beck and call of the regime and need not be paid high wages. So the economy can afford to waste human labor which, in terms of human dignity and monetary value, means nothing. What could be accomplished by two people is done by 20.

And yet, paradoxically, everyone from the minister and departmental head down will tell you seriously that China is underpopulated and that there is an acute labor shortage.

A further new aspect of the Chinese scene concerns the position of women. Their traditional role was confined to the bearing and rearing of numerous children.

All this has been radically changed. The Chinese woman has become the equal of man with a vengeance, legally, politically, morally. The double standard of morality has gone. There is no prostitution. The Chinese woman is no longer under the supervision of her father, husband, or son. There is no job that is not open to her.

The Chinese woman has finally come into her own. But on the debit side, she has ceased to be feminine. Not even a hint of cosmetics or the slightest bit of jewelry adorn her.

And the final striking aspect in the New China is cleanliness. Public health and sanitation are attended to with positive vigor. There are literally no flies, no rats, no dogs, and no sparrows in China. (The destruction of sparrows was not to improve public health but to save grain, which the sparrows would otherwise eat.)

Nobody any longer spits anywhere he likes. Streets and pavements are all swept clean — and

they stay clean, morning, noon and night.

How are the streets and sidewalks kept clean? Apart from the regular methods employed by other countries (providing efficient sanitary staff and appealing to the civic conscience of the people) China uses the free and patriotic services of children between 8 and 17. These youngsters, called "Young Pioneers," in red scarves (the Communist equivalent of Boy Scouts and Girl Guides) stand on the pavements morning and evening and shout through cardboard megaphones, "Don't spit, don't spit" in a monotonous chorus.

In a crowded street in Peiping I saw an old man spit on the pavement. A young Pioneer immediately took him by the arm and asked him, "Comrade, what will Chairman Mao say when he hears that you spat?" The old man was

First OSU Football Team Member Dies

WASHINGTON COURT HOUSE, Ohio (AP)—David S. Hegler, 89, reported to be the last surviving member of Ohio State University's first football team, died Saturday in the home of his daughter, Mrs. Presley Caldwell of Chillicothe.

Records available show Hegler as a member of the 1890 team. He had been a prominent farmer in Fayette County until 1944, when his wife died. After that he went to live with his daughter in Chillicothe.

Funeral services will be held here at 2 p. m. Tuesday, with burial in Fayette County.

Like man, whales have almost no hair and are warm blooded. Its temperature is slightly lower than a man's.

Kremlin Caught in Lie

It would be difficult to conceive a more damning indictment than that remarkable tape recording of Soviet airmen shooting down, without warning, an unarmed American military transport plane.

By this feat of electronic wizardry, the United States has given the lie to the Kremlin's version of what happened to that U. S. aircraft, with 17 men aboard, which disappeared September 2 on a flight along Turkey's border with Soviet Armenia.

The recording proves that the crash was no accident, but the result of a wanton attack—which, among other things, makes a brazen liar of Soviet Deputy Premier Mikoyan.

While spreading Russian good will in the U. S. recently, it turns out that Mikoyan explicitly denied that any foul play was involved when he was pressed by Vice President Nixon and Secretary of State Dulles for information on the lost plane.

Also, an honest answer has yet to be received to the question of survivors. The Russians returned the bodies of only six

American airmen, insisting that they knew nothing of the 11 others. Could it be that these men came through alive? And if so, since they would have been embarrassing witnesses, are they still alive?

As much as the Kremlin may be taken aback by this exposure, the Soviets must also be disturbed, to say the least, by the manner in which the United States was able to tune in so precisely on the radio wave length of Russian combat aircraft.

What matters most, however, is the light that has been thrown on the true nature of the Soviets. Just listen to those Russian pilots — "Attack . . . attack . . . attack . . ."

Once you let the cat out of the bag, never try to put it back in again.

Old Offenders Cause Trouble

By Hal Boyle

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

America has 79 million drivers and some 10 million car accidents a year. But here's the eye opener: One per cent of these drivers, habitual offenders, cause 15 per cent of the accidents.

What is the talking town? Maybe New York City. Its eight million residents make 18,700,000 phone calls a day, or more than two for each person.

Hair-raising history: The obituary of ancient Rome had an odd way to cover up baldness. They wore wigs made from the scalps of the daughters of captured chieftains.

You're wrong if you think most of today's children are worthless. A survey showed that 7 of 10 youngsters in the 8-to-12-year-old bracket help mother dry the dishes, set the table, make beds, and tidy up the house.

Fine arts note: Some 75 per cent of the visitors to the Louvre in Paris go there to see the Mona Lisa. But when the painting was removed for repairs, the empty space on the wall drew more visitors than the lady normally did herself.

A bird lover sends us this bit of feathered lore: "A parakeet with a blue beak is a guy and a

parakeet with a gray or yellow beak is a doll."

It is getting harder all the time to find a barber who'll give you an old-fashioned straight-edged razor shave—too much bother. Some barbers now even have free shave booths in their shops in which customers, after getting a hair cut, can shave themselves for nothing.

Are you superstitious? Do you carry a good luck piece? The National Geographic Society says the best of all lucky charms is the left hind paw from a rabbit that was killed in a graveyard by a cross-eyed person in the dark of the moon. That's why rabbits wear left hind paws — they're lucky.

Here's a helpful hint for ladies who didn't get a Valentine. There is an old belief, girls, that if you drink white wine and roseate, then look at the moon through a silk scarf, you'll see the face of your future husband. Warning: This trick works only for maidens. It's no good for divorcees or hopeful widows.

Word game: Actress Lisa Kirk's definition of the world's biggest hush-hush business is baby sitting.

Americans haven't lost their sweet tooth, despite the dieting craze. We eat an average of 18 pounds of candy yearly. Incidentally, a piece of ordinary boxed

candy contains about 47 calories. George Washington, lucky at war, wasn't so lucky at cards. He was an inveterate player, but his diaries note he lost at the card table more often than he won.

Odd facts about women: The average woman prefers bath water five degrees warmer than does the average man. A survey in a Cleveland nursing home showed obesity was eight times more frequent among elderly women than elderly men.

Boxing sidelight: heavyweight champ John L. Sullivan never would enter the ring before his opponent did. He believed that "the guy who goes in first goes out last — feet first." Sullivan broke this lifelong rule in his fight with James J. Corbett and lost his title.

Diamonds are a popular hedge against inflation, but nothing beats man's oldest property, real estate. The 50 - million - dollar Empire State Building now stands on one corner of a Manhattan farm that sold in 1799 for only \$7,000. In 160 years the farm land went up much more than 1,000 times its 1799 value.

It was William Somerset Maugham who observed: "A woman can forgive a man for the harm he does her, but she can never forgive him for the sacrifices he makes on her account."

The Seed of Ruin - Inflation!

By George Sokolsky

Money is something everybody wants but few bother to worry about how money works. As long as they have some, can go to the store and get something for it, they figure everything about money is satisfactory.

The worker is told by his labor leader that if the money does not bring home the bacon, the thing to do is to strike for more pay. But he is beginning to discover now that every time he strikes for more pay, it costs more to get what money buys.

C. Canby Balderston, vice chairman of the Board of Governors of the Federal Reserve System, once put all this in a very effective way. He said:

"... In England it is understood by the majority of citizens that British firms must remain competitive if they are to export, and that unless they do export, Britishers will not eat, or, at least, not eat well. In Germany the runaway inflation of the 1920's, with its destruction of savings and of individual liberties, was impressed upon the German consciousness so deeply that the guarding of the monetary unit is now a cardinal principle of the German government."

"Were the mark to be endangered, the German people would be heard from, and effectively. In our own country, however, it is a long time since citizens suffered from wild inflation, and their subconscious thinking does not react to the phrase 'not worth a Continental' in terms of human suffering."

"In the United States it is the unemployment of the 1930's that has impressed the national thinking even to this day. This means that our own country must learn from the experience of others that inflation and unemployment are both threats and that flirtation with the first does not avoid the second."

In January this country had 4,724,000 unemployed which is a startling number. The likelihood is that when the causes of the current run of unemployment are studied, it will be found that one very serious cause is that the United States has outpriced

itself in world markets and is beginning to outprice itself in the domestic market. It is true that some bankers and merchants believe that "a little inflation is a good thing."

But truth to tell there is never a little inflation as there is no little cancer. Those are just mitigating terms to make what ever trouble one has a little more palatable. But all experience with inflation shows that if it is permitted to take hold, it is very difficult to control. From a long range standpoint, it hurts everybody.

You're Telling Me!

By WILLIAM RITT
Central Press Writer

The Loch Ness, Scotland, sea serpent has already made its first appearance of 1959. The monster must be getting a little off in its timing—the tourist season it still some months off.

A highway patrolman who reported spotting the Loch Ness monster says its head was "chalky white." Probably it was more scared than he was!

Meanwhile, isn't it about time the Abominable Snowman put in another appearance? This should certainly be the time of year he likes best.

Multimillionaire Francisco Pignatari of Brazil has been signed by a Hollywood studio for an upcoming movie about a billionaire. Just proves, again, says Zadok Dumkopf, that them that has gets.

A South Dakota family has a pet horned owl which talks to its fellow pet, a parakeet. Probably just full of wise cracks.

By predicting correctly eight tie games, a British railway worker won \$841.815 on a two-cent football pool ticket. This boy was certainly on the right track!

Maybe those disc jockeys who are setting endurance records for staying awake are just trying to make up for some deejays we know whose jargon too often puts people to sleep.

Tuesday edit you're telling me mb It seems fitting that the 150th anniversary of the birth of Honest Abe should be marked with the issuance of Lincoln pennies of new design. They shine almost as brightly as does the memory of the Great Emancipator.

Try and Stop Me

By BENNETT CERF

"TELL ME the truth, Joe," begged an insurance man of his associate. "Did I get sozzled at the convention banquet last night?" "Indeed you did not," was the reassuring answer. "In fact, you spent the whole last hour of the occasion under the table protesting about the low ceiling."

"No more dates with egg-heads for me," insisted a stenographer to her pal one morning. "He took me to see 'Macbeth' Saturday night. When I told him I adored Shakespeare, I never meant for a whole evening!"

A Houston oil magnate let his new foreign car get out of control and ran into 11 other machines before he could stop it. Fortunately, it all happened in his own garage.

Check Child for Deafness

By Herman N. Bundesen, M.D.
Does your child have hearing trouble?

Before you answer, think a moment. Is your youngster short-tempered, does he prefer to play alone instead of with groups of children, does he intentionally break up their games?

An unpredictable personality may be an indication of hearing difficulties.

An estimated 5,000,000 children throughout America suffer hearing impairments. Unfortunately, thousands of these children fail to develop properly because their hearing loss has not been discovered.

You can't expect your youngster to come to you and complain that he can't hear well. It is up to you, the parents, to detect any loss of hearing and to report it to your doctor promptly.

It is not the loss of hearing that is so bad. That might be treated effectively if found in time. It is undetected hearing loss that causes so much unhappiness.

There are many signs that might indicate hearing difficulties. If your child doesn't appear eager about his school work, maybe hearing trouble prevents his complete participation in classwork — and homework, too.

If he is mean to pets, if he deliberately disobeys and appears stubborn, it might be a good idea to have his ears checked.

Of course, there are many more obvious clues. Hearing impairment might be suspected if your youngster:

Seems more aware of movement than sound.

Frowns or has a strained expression when listening.

Watches a speaker's face, especially his lips.

Becomes inattentive.

Confuses words that sound alike.

Has poor articulation.

Develops an unusual quality to his voice.

Has phonetic difficulties in spelling.

With so many symptoms to work with, it would seem that all parents would be well aware of their children's hearing abilities.

But they aren't.

Question and Answer

W. L. M.: What is a fungus infection? If allowed to progress without treatment what may be the result?

Answer: A fungus infection is an infection with an organism of the yeast and mold family. It may be local, as on the skin, or may in-

Letters to the Editor

EDITOR'S NOTE: The Herald welcomes expressions of opinions from its readers on subjects of general interest through letters to the editor. We insist that all letters must be signed with the name and address of the writer. However, the name will not be used in publication of the letter if the writer requests. A pen name or initials will be substituted.

We believe that a letter to the editor column can serve as a public forum. The editor reserves the right to shorten over-long letters and to reject letters which contain personal attacks on individuals. The column will not be open to religious controversy of any kind.

Dear Sir:

The Circleville American Legion Drum and Bugle Corps, an active and competition participating unit for several years, would like to extend a request for talented and veteran trained musicians to fill many vacancies.

This corps has remained in force even when the effort seemed utterly hopeless. This alone should be recognized as an undisputed determination to at least keep the local unit in the public eye. But this alone is not enough, we must replace these vacancies or face disbandment.

It has been said that the people of Circleville are always proud to view this marching unit in any parade, local or away. If this is so then why don't some of the good residents who have talented members in their family encourage their sons or husbands, preferably veterans, to sacrifice a few hours a week to keep a fine organization in action.

We realize that there are certain things that make it difficult for some to be at every rehearsal but surely some of you, especially the old veteran members and new recruits as well, can at least make two out of four rehearsals a month and in some cases maybe three. The only expense you have in being a member of this corps is the time you spend in having a good time with some of the fellows you were with in school or the service.

Where else can you spend a couple hours having fun and help build a real disciplined and talented marching unit and not cost you a cent? If we can only get the great musical backbone of this city inspired with this message, we know that we could not only build a fine corps, but one that would be proud to represent both the city of Circleville and Post 134 in any contest of competition.

We know that the material with which to do this is here in our town and surrounding communities but our problem is getting it out of retirement and into action. Why not show other cities that we too are able to march with the best in any competition. Let's get acquainted and be a member of an organization to be proud of.

This corps rehearses every Thursday at 8 p. m. at the Memorial Hall. All equipment is furnished, including the instrument and the uniform. According to a spokesman it has been said

that if this corps would only consider going into competition they would join immediately. Well if we can maintain a reasonable attendance and prove to Director Clifford Kerns and Commander Jim Price that we can adjust to the rigid disciplinary maneuvers it takes to enter competition, we intend to do just that this coming season.

Right now we are rehearsing without instruments, concentrating on maneuvers and tactics of competition. Eventually we intend to master the music that wins competition combine them together and join the ranks of the best.

We ask that all residents get into action and help us to provide you with a real drum corps.

L. E. Coffland
Past Drum Corps Member

Dear Sir:

It is with deep gratitude we thank our friends, neighbors and relatives for the many kindnesses extended us during the recent flood disaster—especially the three men who managed the rescue from the flood waters; those sending cards, flowers, and making calls at the hospital; the men and women who have devoted, and still are devoting, hours and days of their time to help us.

All this generosity and unselfish loyalty gave us courage and strength and their physical and moral support lightened a mighty heavy burden.

So, will these truly good people accept this recognition of our sincere and everlasting appreciation for aiding us in our time of distress.

Gratefully,
Mr. and Mrs. Lewis Dean
and son, Gary

U.S. Economic Problems Scheduled for Study

WASHINGTON (AP)—The Senate-House Economic Committee plans to start an extensive study of the nation's economic problems.

The study will focus not only on inflation, but on full employment and growth.

Chairman Paul H. Douglas (D-Ill.) said Sunday his group will start the study as soon as it completes its comments on President Eisenhower's economic report at the end of the month. It hopes to finish the inquiry and make a report by the end of 1959.

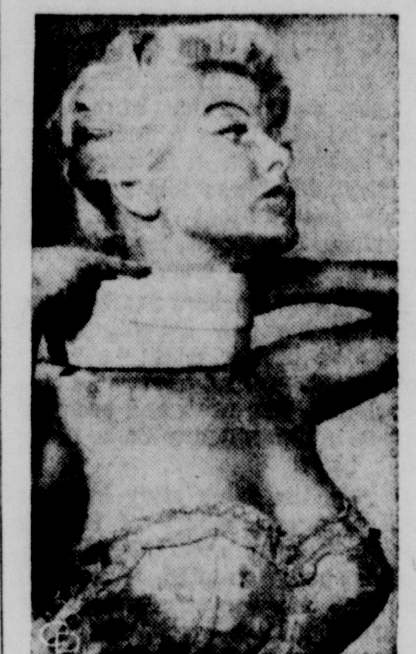

Navy Asking Help in New Promotions

WASHINGTON (AP)—The Navy has asked Congress to help break a promotion logjam it said is holding up the deserved advancement of its most promising younger Navy and Marine Corps officers.

Secretary of the Navy Thomas S. Gates Jr. said at present 8,000 regular Navy commanders and lieutenant commanders—veterans of World War II and Korea—are in line for some 2,000 captain's jobs. In the Marines, he said, 3,000 majors and lieutenant colonels must be fitted into 580 colonel's billets.

He urged enactment of temporary legislation which would, in essence, permit the Navy to weed out of the higher ranks less qualified Navy captains and Marine Corps colonels four to five years earlier than is customary.

The jam, Gates testified, consists of about one-third of all regular Navy and Marine Corps officers who are concentrated in a four-year span of seniority as a result of wartime service.

SUPPORTING ROLE—The last thing Elaine Stritch does before going onstage in Broadway musical, "Goldilocks," is to remove her special neck brace. She has to wear it off-stage, she says, because her costar, Don Ameche, dislocated some of her vertebrae during a love scene in the musical.

In the last five years 118 new hotels have been built in Turkey for tourist accommodations.

Kremlin Caught in Lie

It would be difficult to conceive a more damning indictment than that remarkable tape recording of Soviet airmen shooting down, without warning, an unarmed American military transport plane.

By this feat of electronic wizardry, the United States has given the lie to the Kremlin's version of what happened to that U. S. aircraft, with 17 men aboard, which disappeared September 2 on a flight along Turkey's border with Soviet Armenia.

The recording proves that the crash was no accident, but the result of a wanton attack—which, among other things, makes a brazen liar of Soviet Deputy Premier Mikoyan.

While spreading Russian good will in the U. S. recently, it turns out that Mikoyan explicitly denied that any foul play was involved when he was pressed by Vice President Nixon and Secretary of State Dulles for information on the lost plane.

Also, an honest answer has yet to be received to the question of survivors. The Russians returned the bodies of only six

American airmen, insisting that they knew nothing of the 11 others. Could it be that these men came through alive? And if so, since they would have been embarrassing witnesses, are they still alive?

As much as the Kremlin may be taken aback by this exposure, the Soviets must also be disturbed, to say the least, by the manner in which the United States was able to tune in so precisely on the radio wave length of Russian combat aircraft.

What matters most, however, is the light that has been thrown on the true nature of the Soviets. Just listen to those Russian pilots — "Attack . . . attack . . . attack . . ."

Once you let the cat out of the bag, never try to put it back in again.

Old Offenders Cause Trouble

By Hal Boyle

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

America has 79 million drivers and some 10 million car accidents a year. But here's the eye opener: One per cent of these drivers, habitual offenders, cause 15 per cent of the accidents.

What is the talking town? Maybe New York City. Its eight million residents make 18,700,000 phone calls a day, or more than two for each person.

Hair-raising history: The obliquity of ancient Rome had an odd way to cover up baldness. They wore wigs made from the scalps of the daughters of captured chieftains.

You're wrong if you think most of today's children are worthless. A survey showed that 7 of 10 youngsters in the 8-to-12-year-old bracket help mother dry the dishes, set the table, make beds, and tidy up the house.

Fine arts note: Some 75 per cent of the visitors to the Louvre in Paris go there to see the Mona Lisa. But when the painting was removed for repairs, the empty space on the wall drew more visitors than the lady normally did herself.

A bird lover sends us this bit of feathered lore: "A parakeet with a blue beak is a guy and a

parakeet with a gray or yellow beak is a doll."

It is getting harder all the time to find a barber who'll give you an old-fashioned straight-edged razor shave—too much bother. Some barbers now even have free shave booths in their shops in which customers, after getting a hair cut, can shave themselves for nothing.

Are you superstitious? Do you carry a good luck piece? The National Geographic Society says the best of all lucky charms is the left hind paw from a rabbit that was killed in a graveyard by a cross-eyed person in the dark of the moon. That's why rabbits wear left hind paws — they're lucky.

Here's a helpful hint for ladies who didn't get a Valentine. There is an old belief, girls, that if you drink white wine and roseate, then look at the moon through a silk scarf, you'll see the face of your future husband. Warning: This trick works only for maidens. It's no good for divorcees or hopeful widows.

Word game: Actress Lisa Kirk's definition of the world's biggest hush-hush business is baby sitting.

Americans haven't lost their sweet tooth, despite the dieting craze. We eat an average of 18 pounds of candy yearly. Incidentally, a piece of ordinary boxed

candy contains about 47 calories.

George Washington, lucky at war, wasn't so lucky at cards. He was an inveterate player, but his diaries note he lost at the card table more often than he won.

Odd facts about women: The average woman prefers bath water five degrees warmer than does the average man. A survey in a Cleveland nursing home showed obesity was eight times more frequent among elderly women than elderly men.

Boxing sidelight: heavyweight champ John L. Sullivan never would enter the ring before his opponent did. He believed that "the guy who goes in first goes out last — feet first." Sullivan broke this lifelong rule in his fight with James J. Corbett and lost his title.

Diamonds are a popular hedge against inflation, but nothing beats man's oldest property, real estate. The 50 - million - dollar Empire State Building now stands on one corner of a Manhattan farm that sold in 1799 for only \$7,000. In 160 years the farm land went up much more than 1,000 times its 1799 value.

It was William Somerset Maugham who observed: "A woman can forgive a man for the harm he does her, but she can never forgive him for the sacrifices he makes on her account."

The Seed of Ruin - Inflation!

By George Sokolsky

Money is something everybody wants but few bother to worry about how money works. As long as they have some, can go to the store and get something for it, they figure everything about money is satisfactory.

The worker is told by his labor leader that if the money does not bring home the bacon, the thing to do is to strike for more pay. But he is beginning to discover now that every time he strikes for more pay, it costs more to get what money buys.

C. Canby Balderston, vice chairman of the Board of Governors of the Federal Reserve System, once put all this in a very effective way. He said:

"... In England it is understood by the majority of citizens that British firms must remain competitive if they are to export, and that unless they do export, Britishers will not eat or, at least, not eat well. In Germany the run-away inflation of the 1920's, with its destruction of savings and of individual liberties, was impressed upon the German consciousness so deeply that the guarding of the monetary unit is now a cardinal principle of the German government."

"Were the mark to be endangered, the German people would be heard from, and effectively. In our own country, however, it is a long time since citizens suffered from wild inflation, and their subconscious thinking does not react to the phrase 'not worth a Continental' in terms of human suffering."

"In the United States it is the unemployment of the 1930's that has impressed the national thinking even to this day. This means that our own country must learn from the experience of others that inflation and unemployment are both threats and that flirtation with the first does not avoid the second."

In January this country had 4,724,000 unemployed which is a startling number. The likelihood is that when the causes of the current run of unemployment are studied, it will be found that one very serious cause is that the United States has outpaced

itself in world markets and is beginning to outpace itself in the domestic market. It is true that some bankers and merchants believe that "a little inflation is a good thing."

But truth to tell there is never a little inflation as there is no little cancer. Those are just mitigating terms to make what ever trouble one has a little more palatable. But all experience with inflation shows that if it is permitted to take hold, it is very difficult to control. From a long range standpoint, it hurts everybody.

You're Telling Me!

By WILLIAM RITT
Central Press Writer

The Loch Ness, Scotland, sea serpent has already made its first appearance of 1959. The monster must be getting a little off in its timing—the tourist season it still some months off.

A highway patrolman who reported spotting the Loch Ness monster says its head was "chalky white." Probably it was more scared than he was!

Meanwhile, isn't it about time the Abominable Snowman put in another appearance? This should certainly be the time of year he likes best.

Multimillionaire Francisco Pignatari of Brazil has been signed by a Hollywood studio for an upcoming movie about a billionaire. Just proves again, says Zadok Dumkopf, that them that has gets.

A South Dakota family has a pet horned owl which talks to its fellow pet, a parakeet. Probably just full of wise cracks.

By predicting correctly eight tie games, a British railway worker won \$841,815 on a two-cent football pool ticket. This boy was certainly on the right track!

Maybe those disc jockeys who are setting endurance records for staying awake are just trying to make up for some deejays we know whose jargon too often puts people to sleep.

Tuesday edit you're telling me mb
It seems fitting that the 150th anniversary of the birth of Honest Abe should be marked with the issuance of Lincoln pennies of new design. They shine almost as brightly as does the memory of the Great Emancipator.

Kingston News Report

By Miss Margaret Thomas
Phone NI 2-3495

We are always glad to read of the achievements of former pupils, and so were happy to see in the Chillicothe Gazette a picture of Warren Gregg Black and to know of his honors in scouting.

Gregg, the son of Warren and Mary Black, now lives in Chillicothe, but he attended Elementary school in Kingston where he began his scouting career with Cub Pack No. 30.

Gregg, along with two other scouts, were honored, at a ceremony held last Sunday in First Presbyterian Church, Chillicothe. Gregg is secretary - treasurer of Explorer Post No. 5, and is a Junior at Chillicothe High School. At this beginning of Boy Scout Week, he received the Silver Award, Explorer Scouting's top achievement. The awards were made to the parents of the boys, and they, in turn, affixed the insignias to their son's uniforms.

The writer of these notes was pleased to receive a note from Mr. and Mrs. R. W. Moyer, this week. It was a thank-you for the Kingston news printed in The Herald. Mr. Moyer is a former Superintendent of Schools here, now living in Wilmington, Ohio, and doing work of a Supervisory nature.

MR. MOYER enjoys his work very much, although it is quite different from what he has done previously, and I'm sure his family are pleased, because he has so many more evenings with them. They called my attention to the fact of how much the news, of former acquaintances, means to anyone who has moved away.

Little Robin Kline was not admitted to Children's Hospital on Wednesday as expected, because she had a slight temperature and cough, and was not in condition to have surgery.

A daughter was born to Mr. and Mrs. Robert E. Jones (Virginia Perry), Thursday, in Chillicothe Hospital.

On Thursday afternoon, Feb. 26, the Kingston branch of the Adena Chapter of the National Honor Society will hold its annual Tapping Service in the school Auditorium. The program will be in charge of the three active members, Marilyn Davis, Janet Delong, and Rita Harper.

Also assisting will be the seven graduate members: Ruth Ann DeLong Jones, Lillian Parsons, Kaye Williams, Sue Hill, Sandra Hohenstein, Connie Lauerman Shaw and Maris Jende.

Eligibility is determined by scholarship, leadership, character, and service. The constitution provides that only 10 per cent of the Junior class and 15 per cent of the Senior Class may be elected to membership in any one year.

Twelve girls will serve as Honor Guard. Miss Wertman is the sponsor of the Kingston branch.

All patrons of the school are invited and urged to attend the Tapping Service at 1:15 p. m.

There will be a Christian Youth Rally at the High School February 17 at 7:30 p. m.

PTO meeting will be 7:30 p. m. Feb. 24, at the High School. Mrs. Kenneth Timmons is the new president.

MRS. CHARLES Miller returned to her home Thursday p. m. after a visit to Chillicothe Hospital where she had a major surgical operation last week.

Mr. and Mrs. Roy Ross and Mrs. Harry Sims went to see Mrs. Nolan Ross in Berger Hospital Thursday. Mrs. Sims had a fall in her

home recently which required surgery.

Mrs. Russell Chester, Mrs. Ed Chester and Miss Helen Dean were also at Berger Hospital Thursday, visiting Mr. Russell Chester who is a patient in the hospital.

Mrs. Doris Campbell died Friday in Grant Hospital. She was the mother of Mrs. George Forquer.

Mr. and Mrs. David Herron of New Marshall, O. were Sunday guests of Mrs. Herron's brother and sister-in-law, Mr. and Mrs. Adrian McVey and son Jimmie.

At the last meeting of the Women's Guild of the Mt. Pleasant Presbyterian Church, the outgoing president Mrs. Robert E. Jones installed the new officers.

They are president, Mrs. Gary Walsh, vice president, Mrs. Tom Rainey, secretary-treasurer, Mrs. Norman Godden, program chairman, Mrs. Mabel Kimmell, world service chairman, Mrs. Earl Wolfe and fellowship chairman, Mrs. R. E. Lighner.

During the business meeting which followed, it was voted to assist the choir in purchasing new choir robes.

An interesting program was presented on the Middle East by Mrs. Kimmell, Mrs. Carson Dresbach, Mrs. John Fisher, and Miss Lettie Brundage.

The refreshment committee was composed of Mrs. Fisher, Mrs. Rainey, and Mrs. Edgar Stoneburner.

Several people from Kingston attended the Chicken Soup supper at Hallsville on Thursday Feb. 12. Among these were: Mr. and Mrs. L. E. Hill, Dr. and Mrs. J. P. Gardner, Mr. and Mrs. Frank Haynes, Mr. and Mrs. A. D. Ellis, and Miss Mildred Holderman.

Hospital Guild No. 13 (of Chillicothe Hospital) was entertained Wednesday eve, Feb. 11, at the home of Mrs. Harold Wright. Assistant hostesses were Mrs. Donald Carroll and Miss Beverly Rhoades.

THE PRESIDENT, Mrs. O. H. Targee conducted a short business meeting, after which the members held a layette shower for Mrs. Glenn Steele (Kathryn Metcalfe). The mystery gift was won by Mrs. Charles Maxwell.

Mrs. Ernest Kline, our local representative, gave a demonstration of the Stauffer.

School was dismissed a little early Thursday afternoon, because of the County Teachers' Meeting, which was held that evening at Union School. The 6 o'clock dinner was served by the PTO.

The music department furnished many numbers, both Instrumental and Vocal. There was a Clarinet Quartet, Cadet Trumpet Quartet, and a group of accordionists. The Junior Hi gave several vocal numbers and the Senior Hi Choir furnished a group.

There were remarks by Mr. A. E. Gower, County Superintendent and by The Honorable Myrl Shoemaker, Ross County Representative to Ohio General Assembly.

The principal address was made by Dr. Daniel Chu, a Chinese pastor of St. Luke's Evangelical Lutheran Church, at Springfield, Ohio.

ON FEBRUARY 11, Jimmie McVey was 11 years old and his mother Mrs. Adrian McVey invited 11 of his playmates in to help him celebrate his birthday. The party was held after school.

The following boys enjoyed the games and contests: Bill Wood, Tucker Gearhart, Bill Gearhart,

Ike To Take Brother on Mexico Trip

WASHINGTON (AP)—President Eisenhower will be accompanied by his brother, Dr. Milton S. Eisenhower, when he goes to Acapulco, Mexico, for talks Thursday and Friday with Mexico's President Adolfo Lopez Mateos.

Mexico's ambassador to this country, Antonio Carrillo Flores, and Roy R. Rubottom, U.S. assistant secretary of state for inter-American affairs, also will travel with the President.

Eisenhower plans to leave Washington in his plane, Columbine III, at 2:45 p.m., Wednesday, spend that night at Bergstrom Air Force Base at Austin, Tex. He arrives there at 7:30 p.m.

Eisenhower will take off from Bergstrom, at 6 a.m. Thursday and is scheduled to arrive at Acapulco at 10 a.m.

Arrangements call for informal talks that afternoon aboard Lopez Mateos' yacht, the Sotavento. They will have further talks Friday afternoon.

Eisenhower plans to leave Acapulco between 10:30 and 11:00 p. m. If the weather is good at Acapulco, he will fly there for a weekend of golf.

In the event of bad weather at Acapulco, the President expects to fly directly to Washington, arriving Saturday morning.

David Large, Ronnie Edwards, Tommy and Larry Fisher, Steve Rainey, Bobby Meadows, Norman Cox, and David Sams. The prize winners were: Tucker and Bill Gearhart and Tommy Fisher.

Jimmie received many nice gifts, and his mother served refreshments of ice cream, cake, and valentine candy to the boys.

Later in the evening his grandparents, Mr. and Mrs. J. L. Maxwell, his uncle and aunt Mr. and Mrs. Bill Maxwell also came to help celebrate the birthday. Gifts were presented and refreshments were served.

The Ross County Chapter of Delta Kappa Gamma had a ten o'clock Brunch meeting on Saturday Feb. 14, at the Lynn House, in Chillicothe.

Members attending from this region were Mrs. Edwin Digges, Miss Florence Ruth Marshington, Miss Grace Dresbach and Miss Margaret Thomas. Also Miss Virginia Metier of Circleville, who teaches in Chillicothe.

The program subject for this meeting was, "Sharing Techniques". Music was arranged by Mrs. Margaret Swank, Elementary Supervisor of Ross County Schools.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmly so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

Protestant Church Observes 100th Anniversary in Japan

TOKYO (AP)—The Protestant church in Japan celebrates its 100th anniversary this year, noting with pride its many achievements in a major non-Christian country.

There are, by government count, 332,135 Japanese Protestants in 4,312 churches out of a total population of 90 million. But there are those who feel that the cold statistics are misleading.

The Rev. Kaname Tsukahara, secretary of the National Christian Council of Japan, is one who feels they do not adequately reflect what he terms "the true following and real strength of the Japanese Protestant church."

"It is extremely important to remember," he says, "that Protestantism has had a tremendous influence on the Japanese—particularly in the cultural, educational and social welfare fields and in their daily lives."

He cites as an example the fact that some 20 members of Japan's 466-member lower house of Parliament are Protestants.

Protestantism came to Japan with a handful of clergymen in 1859 when the Christian religion was banned as dangerous to the state. The ban finally was lifted in 1873.

In the past century, Protestants

list these major contributions to Japanese life:

Founding of 228,373 schools, including 4 universities and 23 colleges and Japan's first girls' school.

Organizing and building 23,028 YMCA and 12,093 YWCA groups, 2 hospitals, 11 medical clinics, 18 social settlements, 3 leprosariums, 3 homes for the aged, 12 orphanages and 40 miscellaneous establishments.

Popularization of the Bible, which is Japan's top postwar best seller.

Publication of the first Japanese-English and English-Japanese dictionary, and transliteration of the Japanese language into the Roman alphabet.

The 100th anniversary program will be observed for a week beginning Nov. 1. It will include memorial services, rallies, lectures and recitals of Christian music.

Feed Mixer Kills Man

WAPAKONETA, Ohio (AP)—Thomas Kettler, 23, of New Bremen, was killed Monday when caught in a portable feed mixer. Officers said Kettler was adjusting the machine when someone accidentally put it into gear.

GI Loan Program Shows Upturn in January, VA Says

WASHINGTON (AP)—The GI home loan program showed a slight upturn during January, the Veterans Administration reported today.

Appraisal requests for new dwellings increased by 21 per cent to 17,391, compared with 14,794 in December.

Requests for existing dwellings numbered 6,396 in January and 6,315 in December.

The appraisal requests are an indication of future activity as they are a first step toward possible financing of housing.

Congress is now considering legislation to increase the maximum interest rate on GI home loans from 4 1/2 per cent to 5 1/2 per cent or to permit the fixing of the rate

Defiance College Fee Hike Expected

DEFIANCE, Ohio (AP)—Dr. Kevin McCann, president of Defiance College, said today he will recommend to the board of trustees that the annual tuition at Defiance be raised from \$500 to \$800, effective with the college year of 1960-61.

Dr. McCann, who said he will make the recommendation to the board when it meets April 4, explained that only two comparable coeducational colleges in Ohio charge less tuition than Defiance, and added that most Ohio colleges are either considering or have announced tuition increases for the near future.

by the Veterans Administrator. Advocates contend the change is needed to attract mortgage money.

2 Weeks of Freedom For Felons Is Urged

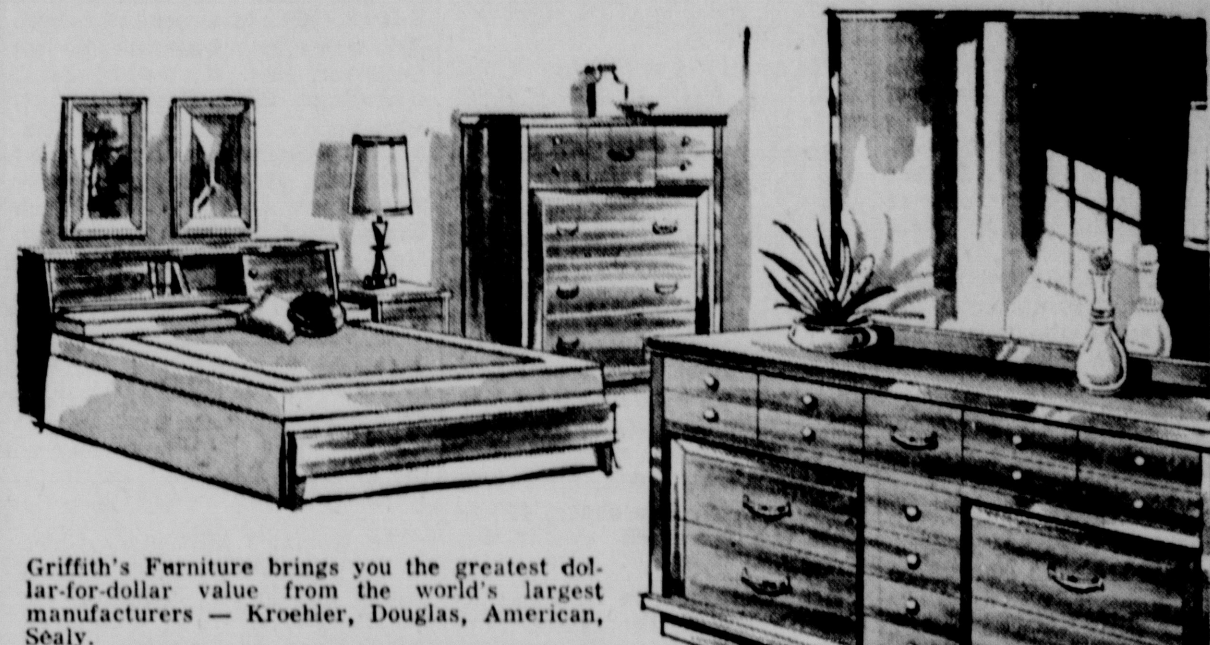

WASHINGTON (AP)—A new deal for federal prisoners? Rep. Emanuel Celler (D-N.Y.) would let a prisoner leave jail and go home for two weeks each year provided:

1. The prisoner had a good record.
2. He probably would not break the law on his visit.
3. The vacation would help his rehabilitation.

McArthur Ag Leader Dies at Age of 73

GALLIPOLIS, Ohio (AP)—Halley Swain, 73, of McArthur, a veteran of 30 years service with the Department of Agriculture, died here Monday after a long illness. He was in charge of concession at the Ohio State Fair and retired in 1955.

We Close At Noon On Thursday

Kingston News Report

By Miss Margaret Thomas
Phone NI 2-3495

We are always glad to read of the achievements of former pupils, and so were happy to see in the Chillicothe Gazette a picture of Warren Gregg Black and to know of his honors in scouting.

Gregg, the son of Warren and Mary Black, now lives in Chillicothe, but he attended Elementary school in Kingston where he began his scouting career with Cub Pack No. 30.

Gregg, along with two other scouts, were honored, at a ceremony held last Sunday in First Presbyterian Church, Chillicothe. Gregg is secretary-treasurer of Explorer Post No. 5, and is a Junior at Chillicothe High School.

At this beginning of Boy Scout Week, he received the Silver Award, Explorer Scouting's top achievement. The awards were made to the parents of the boys, and they, in turn, affixed the insignias to their son's uniforms.

The writer of these notes was pleased to receive a note from Mr. and Mrs. R. W. Moyer, this week. It was a thank-you for the Kingston news printed in The Herald.

Mr. Moyer is a former Superintendent of Schools here, now living in Wilmington, Ohio, and doing work of a Supervisory nature.

MR. MOYER enjoys his work very much, although it is quite different from what he has done previously, and I'm sure his family are pleased, because he has so many more evenings with them.

They called my attention to the fact of how much the news, of former acquaintances, means to anyone who has moved away.

Little Robin Kline was not admitted to Children's Hospital on Wednesday as expected, because she had a slight temperature and cough, and was not in condition to have surgery.

A daughter was born to Mr. and Mrs. Robert E. Jones (Virginia Perry), Thursday, in Chillicothe Hospital.

On Thursday afternoon, Feb. 26, the Kingston branch of the Adena Chapter of the National Honor Society will hold its annual Tapping Service in the school Auditorium. The program will be in charge of the three active members, Marilyn Davis, Janet Delong, and Rita Harper.

Also assisting will be the seven graduate members: Ruth Ann DeLong Jones, Lillian Parsons, Kaye Williams, Sue Hill, Sandra Hohenstein, Connie Lauerman Shaw and Maris Jende.

Eligibility is determined by scholarship, leadership, character, and service. The constitution provides that only 10 per cent of the Junior class and 15 per cent of the Senior Class may be elected to membership in any one year.

Twelve girls will serve as Honor Guard. Miss Wertman is the sponsor of the Kingston branch.

All patrons of the school are invited and urged to attend the Tapping Service at 1:15 p. m.

There will be a Christian Youth Rally at the High School February 17 at 7:30 p. m.

PTO meeting will be 7:30 p. m. Feb. 24, at the High School. Mrs. Kenneth Timmons is the new president.

MRS. CHARLES Miller returned to her home Thursday p. m. after a visit to Chillicothe Hospital where she had a major surgical operation last week.

Mr. and Mrs. Roy Ross and Mrs. Harry Sims went to see Mrs. Nolan Ross in Berger Hospital Thursday. Mrs. Sims had a fall in her

home recently which required surgery.

Mrs. Russell Chester, Mrs. Ed Chester and Miss Helen Dean were also at Berger Hospital Thursday, visiting Mr. Russell Chester who is a patient in the hospital.

Mrs. Doris Campbell died Friday in Grant Hospital. She was the mother of Mrs. George Forquer.

Mr. and Mrs. David Herron of New Marshall, O. were Sunday guests of Mrs. Herron's brother and sister-in-law, Mr. and Mrs. Adrian McVey and son Jimmie.

At the last meeting of the Women's Guild of the Mt. Pleasant Presbyterian Church, the outgoing president Mrs. Robert E. Jones installed the new officers.

They are president, Mrs. Gary Walsh, vice president, Mrs. Tom Rainey, secretary-treasurer, Mrs. Norman Godden, program chairman, Mrs. Mabel Kimmell, world service chairman, Mrs. Earl Wolfe and fellowship chairman, Mrs. R. E. Lightner.

During the business meeting which followed, it was voted to assist the choir in purchasing new choir robes.

An interesting program was presented on the Middle East by Mrs. Kimmell, Mrs. Carson Dresbach, Mrs. John Fisher, and Miss Lettie Brundage.

The refreshment committee was composed of Mrs. Fisher, Mrs. Rainey, and Mrs. Edgar Stoneburner.

Several people from Kingston attended the Chicken Soup supper at Hallsville on Thursday Feb. 12. Among these were: Mr. and Mrs. L. E. Hill, Dr. and Mrs. J. P. Gardner, Mr. and Mrs. Frank Haynes, Mr. and Mrs. A. D. Ellis, and Miss Mildred Holderman.

Hospital Guild No. 13 (of Chillicothe Hospital) was entertained Wednesday eve, Feb. 11, at the home of Mrs. Harold Wright. Assistant hostesses were Mrs. Donald Carroll and Miss Beverly Rhoades.

THE PRESIDENT, Mrs. O. H. Targee conducted a short business meeting, after which the members held a layette shower for Mrs. Glenn Steele (Kathryn Metcalfe). The mystery gift was won by Mrs. Charles Maxwell.

Mrs. Ernest Kline, our local representative, gave a demonstration of the Stauffer.

School was dismissed a little early Thursday afternoon, because of the County Teachers' Meeting, which was held that evening at Uniono School. The 6 o'clock dinner was served by the PTO.

The music department furnished many numbers, both Instrumental and Vocal. There was a Clarinet Quartet, Cadet Trumpet Quartet, and a group of accordionists. The Junior Hi gave several vocal numbers and the Senior Hi Choir furnished a group.

Alfonso A. Castricone Guest Speaker For Circleville Art League Last Night

STILL LIFE — Castricone demonstrates both realistic and abstract approaches to the same subject, in a still life set up. He emphasized the fun of painting abstractly.

Alfonso A. Castricone, creative art director for Hameroff Advertising Agency Inc., Columbus and art instructor at the Columbus Art School, was the guest speaker for the Circleville Art League when it met last night at the H. E. Montelius home, Route 1.

Castricone is renowned in both the commercial and fine arts fields. He was born in New York City in 1912 but adopted Columbus as his home at an early age. He won a full time scholarship to Columbus Art School and was graduated in 1933 with honors. His first one man show was that same year at the Southern Hotel. He has since been in California with the Walt Disney Organization and in Chicago with the Walgreen Drug Co. and the Sears Roebuck and Co. as advertising director.

He has exhibited in San Diego Gallery of Fine Arts, Los Angeles Art Assn., Chicago Art Institute and the Milwaukee Institute. He won the Carr Prize in the 1956 Chicago Institute Annual Exhibit, honorable mention in the 1955 Magnificent Mile Art Festival in Chicago. He was invited to the 1950 Illinois State Fair and the Illinois Federation of Arts Traveling Exhibition. He won honorable mention in the 1953 Ohio State Fair and has just recently exhibited at the Ohio State Union.

His latest paintings were shown on slides, these were all abstracts the honorable mention he won at the Ohio State Fair this year was included. All mediums were shown, oils, water color, casein. These caused much comment and discussion among the members with everyone trying to recognize the theme that inspired the artist.

After the slides, he demonstrated both realistic and abstract approaches to the same subject, in this case it was a still life set up. He cleverly emphasized the fun of painting abstractly. The artist has more freedom in color and pattern and can develop his own feelings and ideas more fully.

Castricone draws from everywhere for his ideas and themes. One was inspired by seeing the political convention on television. At times the subject is simple, others complicated, according to the

mood of the artist. He generally keeps working at a painting until it looks right to him. There are canvases in which he disregards all the rules of composition.

Starting out as a realistic artist with the artists of the Italian Renaissance as his ideals he has gradually deviated from realism and now paints abstractly almost entirely. However he says that first learning the basic fundamentals of drawing and composition are important for a student starting out to become a good artist and most schools realize this. It is the same as with an engineer who must have a thorough knowledge of math, so an artist should know his basic rules, even if he is to disregard them.

Summing it all up, he says most artists are too tense, they should have fun with their painting. . . . they should relax.

Mrs. Wayne Griffith presided over the business meeting. There were 30 members and guests present.

The chairman of the spring exhibit was announced. Mrs. Griffith will be chairman with Paul Helwage co-chairman. The show will be held May 8-17.

Robert Harrod of the Herald has requested paintings of members to be displayed in the lobby of the Herald. February and March paintings will be: "Cathedral" by Mrs. Edwin Bach Jr.; "Midway" and "Turkey", Roy Wolfe; March and April — "Knot Hole", Faunce Kuhns and "The Barn", Mrs. Griffith; April and May — "Turk's Turban", Hutzelman and "Still Life", Helwage.

There will be a new Adult Fine Arts Class at the Pickaway County Fair in addition to the Juvenile Fine Arts Class.

Mrs. Valentine Honored with Bridal Shower

A bridal shower honoring Mrs. Marvin Valentine, the former Patty Ramey, was given by Mrs. Melvin Maxwell, Brown St., Tuesday evening. Assisting hostesses were Mrs. E. E. Lane and Mrs. McClellan Clark.

A color scheme of blue and white was used in the decorations with the gift table being centered with a large bride doll.

Contests were presented with prizes being won by Mrs. Virginia Humble and Mrs. Clarence England.

Refreshments were served to the following guests: the honored guest, Mrs. Chester Ramey and Mrs. Donald Ramey, both of Columbus; Mrs. Ralph Peters Sr., Mrs. Glen Leatherwood, Miss Sonia Leatherwood, Mrs. Roy Krieger and Mrs. Carl Krieger, all of Ashville; Mrs. Edward Valentine, Mrs. Dora Krieger and Mrs. Marvin Marshall, of Stoutsville;

Mrs. Richard Conrad, Mrs. Henry Ayers Sr., Miss Karen Ayers, Mrs. Everett Hale, Miss Goldie Noggle, Mrs. Bessie Scott, Mrs. E. R. Housman, Mrs. Russell Jones, Mrs. Herbert Tatman, Mrs. Wayne McConaughy, Mrs. Loren Dudleson, Mrs. Raymond Moats, Miss Patty Moats, Mrs. C. L. Wright, Mrs. John Wright, Mrs. Clarence England, Mrs. Virginia Humble, Mrs. Marie Arledge, Mrs. Patty Arledge, Mrs. Kester McCain, Mrs. Delbert Holbrook, Mrs. David Ramey, Miss Marybelle Ramey, Mrs. Yvonne Cockrell, Mrs. Grover Temple, Miss Julianne Hutchinson, all of Circleville.

Those sending gifts were: Mrs. Goldie Leach, Mrs. Robert Edgington, Mrs. William Ramey, Mrs. Grace Moats, Miss Evelyn Matthers, Mrs. Richard Ramey, Mrs. Arthur England, Mrs. Lyman England, Mrs. Forrest Rinehart, Mrs.

University Wage Boost Is Urged

COLUMBUS, Ohio (AP)—About everyone has been getting salary increases except the faculty members at Ohio's six state universities and they now urgently need a wage hike, a salary study has disclosed.

The report by the Ohio State University chapter of the American Assn. of University Professors said faculty salaries have hardly changed in the period from 1939-1957 while real per capita income in Ohio and the United States has risen 79 per cent.

To increase faculty salaries by one third would raise Ohio's budget by one quarter to one third of one per cent, the study said.

Mrs. Hill Host For Guild No. 16

Mrs. Herschel Hill, 339 Northridge Road, will be hostess to Berger Hospital Guild No. 16 at 2 p. m. Wednesday.

High temperatures and prolonged heating will usually thin a sauce made with potato or arrowroot starch.

Matilda Stambaugh, Mrs. Harold Walter, Mrs. Clara Teal, Mrs. William Smith and Mrs. Anna Temple.

Darby Ranks 11th In Final State Cage Poll

The Darby Trojans, after riding a four-week stay in the AP Class A state basketball poll, dropped to 11th this week with a 17-1 record.

The Trojans' drop of six places was mainly due to arch-rival Scioto's 70-60 foul-ridden victory over Darby in the Pickaway County League finale.

As a result of the loss, Darby was forced to share the league crown with the Buffaloes, but may have the opportunity to avenge that defeat if both teams win tomorrow night in tourney play.

After absorbing its lone defeat of their fine season, the Trojans rebounded with a 62-38 slaughter of Monroe Twp. and last night continued to make "mincemeat" of opposition, trouncing Jackson, 76-40.

This was the final week of Class A ratings and for the first time in the history of the county, a team managed to make the state's top ten and finish 11th at its end.

Ohio's high school basketball teams headed into tournament tests this week with the 1958 state champions favored to retain their titles.

Cleveland East Tech, riding a 42-game winning streak, paced Class AA contingent in the weekly Associated Press Poll of 51 sports writers, and Northwestern of Wayne County topped the Class A brigade despite a couple of setbacks.

Only the double-A champions, of last week's top 10, retained the same spot as the elite list was shuffled. Toledo Central Catholic eased into second place, the first time Elyria has been out of the runner-up berth.

Toledo Central's leap from fourth to second, Youngstown Chaney's rise from tenth to fifth, and Massillon's move from ninth to sixth featured the Class AA voting.

In Class A a newcomer moped into the top ten as the final ratings of the smaller schools was made. New Boston, Scioto County powerhouse boasting 18 straight wins, took over the tenth position as Darby Twp. fell from fifth to 11th.

Columbus Rosary, which jumped from tenth to second in class a last week, stuck to that berth despite a one-point overtime setback at the hands of Columbus St. Charles, a double-A school. It was the lone loss on the Rosary record this school year, the football team being unscored on in nine straight wins, and the cagers copping 17 before bowing.

Rosary's winning streak was not the only one ended. Dover was halted at 10 in a row by Steubenville, 85-74, and Springfield's seven game stretch ended at the hands of Mansfield, 60-56.

Emil Hartman of the Ohio School for the Deaf, Columbus, probably was the state scoring leader. He racked up 710 points in 17 games for a 41.13 average. Despite the Cleveland boy's sharpshooting, his team lost 11 of 17 games.

Paul Winterhalter of Tiffin Calvert averaged 33 for the year, getting 89 last week in two tilts. Bexley's Tom Tussing did it in Frank Merriwell style to defeat Mount Vernon 64-62. His shot was rolling around the rim as the game ended, but the ball fell through for the winning points.

Clayton Keegan, 6-1 Townsend senior, picked up 49 points—21 in a blazing fourth quarter—to come from behind for a 67-62 win over Jackson-Burgoon in the opening round of the Sandusky County tourney.

After seeing its 17-game streak halted 70-60 by Scioto, Darby Twp. rebounded in the first game of the Pickaway County tourney for a 62-38 triumph over Monroe Twp. Salem, boasting a 13-game winning streak and a 16-1 record, ends its regular campaign tonight against Girard. Upper Sandusky's lone loss in 17 games was a one-point to Willard. Southwestern of Gallia county has a 17-1 record after losing the opener by three points.

Cleveland East Tech, its regular campaign completed, tangles Friday with St. Ignatius (15-1) for the city championship.

Myers Romps

(Continued from Page One)
Gray of Walnut matched this from underneath.

About 45 seconds remained when Hoover gave Walnut something to shout about with his sizzling long shot to make the score read 48-47 in favor of the Deers.

WALNUT regained possession of the ball once more but lost it. The game became history a few seconds later when Stonerock and Anderson collaborated for their three fouls shots to ice the game. Shooting percentages from the field were an indication that the game was a close match. Williamsport notched the win on the strength of a 38.8 per cent mark, collecting 21 buckets on 54 attempts. Walnut fired 57 times, hitting 18 of the tries for a 31.5 average.

The winners dropped in nine of 21 foul shots and Walnut made good on 11 of 20.

The victory enables Williamsport to meet Scioto in the first game of the semifinals Wednesday night at the Coliseum. Scioto downed Atlanta, 52-40, in its first tourney appearance.

BANGING AWAY — Pictured above is Darby's David Musselman going up in the air with a rebound for two points to add to the Trojans slaughter of hapless Jackson last night, 76-40. Action took place in the fourth game of the Pickaway County Tournament quarter-finals. Witnessing Musselman's top play are Jackson's Eitel brothers, Larry, No. 43, on the right, and Robert, No. 23, on the left. This game was played before more than 2,000 persons at its onset and less than 750 at its completion. The unexciting contest advanced Darby into the semifinals against Pickaway tomorrow night. The winner of this game will meet the Scioto-Williamsport winner in the county finals. (Staff Photo)

Tigers Ready For Invasion By Wilmington

A battle royal is expected in the E. Mill St. gym tonight when the Hurricane of Wilmington comes here for a vital league duel with the Circleville Tigers.

The game will have an important bearing for Wilmington, currently leading the South Central Ohio League. For Circleville it will mean a chance to gain revenge for an earlier 52-36 loss on the Hurricane floor.

In the first meeting, CHS traveled to Wilmington in possession of first place and a perfect 4-0 league record. Wilmington trounced the Tigers, moved into a tie for first place in the loop and then took over first place in the circuit a few days later.

Although Circleville's hopes of regaining a share of league honors are nil, the Red and Black force

Detroit Welder Sets Pace in ABC

ST. LOUIS (AP) — A 29-year-old Detroit welder gained the lead in the all-event division and a virtually unknown Chicago bowler moved to the top in the singles of the American Bowling Congress Tournament Monday.

For a while, Pat Stone, the Detroit welder, led both divisions. Then, Fred Kolec of Chicago rolled 197-216-268—681 and replaced Stone as the singles leader in the 56th annual tournament.

Stone gained the singles lead on the third day of the 72-day tourney with a 203-252-209—664 series. That score gave him 1,870 for the nine-game course and put him at the top of the all-events division.

will go all out to floor the high-flying Hurricane.

To do this, the Tigers must stop the likes of Dave Nared and several other Hurricane collaborators. Nared blitzed the Tigers with 19 points in the first meeting.

DHS Explodes

(Continued from Page One)
their bankboard attack from functioning.

By this time, the crowd of more than 2,000 (best of the tournament thus far) had almost disappeared as 11th-ranked Darby continued to amass points on a trying but out-manned and out-gunned Jackson quintet.

Drummond had his best stanza of the game in the fourth period, dumping in 10 points, mostly on tip-ins. Musselman followed with eight points on rebounds and Walters notched four before fouling out.

THE TROJANS walloped Jackson until 58 seconds were left on the clock. At this point of the slaughter, Darby coach, Ned Reichelderfer had mercy on Paul Hoskins' Wildcats and substituted.

Brigner led the Wildcats in the final canto with nine markers from drive-ins and jump shots in the deep corner.

Darby maintained its mid-court man-to-man in the fourth period, which helped in creating 16 Jackson turnovers. The Trojans committed 12 turnovers due to relaxed and effortless play.

A total of 28 fouls were called, 16 on Darby and 12 on the Wildcats. Only Walters fouled out, but Drummond, Musselman and Liff had three personals and Jackson's Galloway had four.

The 20-point-plus Galloway, groggy from penicillin, was certainly off his regular form and could only manage seven points. Jackson's Thompson hit for five.

Musselman followed teammate Drummond in the scoring with 18 points, 13 in the final two quarters. Walters tipped the nets for 15 points. Liff chipped in with 11 and Cox chalked up eight to complete Darby's scoring.

FOR THE EVENING, Darby blasted 33 of 73 field goal attempts through the woven cloth for 45 per cent. Jackson delivered 14 of 50 field goal tries for 28 per cent.

The free throw line treated Darby with 10 of 15 successful offerings for 66 per cent. Jackson attempted 25, dunking 12 for 48 per cent.

Darby will meet hepped-up Pickaway in the second game of the semifinals Wednesday night at 9 p. m. This was Darby's 18th victory in 19 starts.

Pickaway places its 7-11 record on the line. Jackson completed one of its most dismal seasons in many years with a 1-16 slate.

Laurelville Edges Murray City, 67-60

Laurelville advanced to the semifinals of the Hocking County Tournament last night with a 67-60 victory over Murray City.

The Wildcats earned the right to meet Union Furnace tomorrow night. Both schools tied with South Bloomington for the league championship with identical 9-3 records.

MC led for the first two quarters as center, Bill Smith, racked the nets for 19 points on drive-ins down the middle. For the game, Smith tallied 24 points, held to five in the second half.

Murray City ran to a 15-12 first quarter lead and was on top at halftime, 33-28. After adjusting their defenses in the second half, the Wildcats regained the lead at the third period mark, 49-46, and roared on to its seven point margin of victory.

TWICE previously Laurelville bounced MC, 69-40 and 70-54. Mickey Young was top scorer for Laurelville with 20 points from underneath the bucket.

He was followed in the scoring by Tommy Wiggins and Max Young with 15 apiece. Wiggins hit from out front and Young in the corner and aide.

Terry Taggart followed Miner teammate in the Murray City scoring with 16 points on long outside shots, mostly in the second half.

A total of 29 fouls were called, 14 on Laurelville and 15 on Murray City. Laurelville notched 17 of 25 from the free throw line for 68 per cent.

The Miners hit for 12 of 20 for 60 per cent. The Wildcats will be trying for their first tourney win since 1937. For the past three years, Laurelville has been runner-ups in the tournament and always to the same opponent, Union Furnace.

In other games, South Bloomington blasted Carbon Hill, 76-35, and Rockbridge upset Gibsonsburg, 71-59. Hocking County will send two teams to the District at Wellston.

Laurelville — Ebert 4-11; Young, Max 3-5-15; Young, Mick 7-6-20; Wiggins 6-15; Schroeder 3-0-6; Totals 25-17-67.

Murray City — Taggart 7-2-16; Matherly 1-0-2; Smith 10-4-24; Loner 4-3-11; Barber 1-3-5; Kreuger 1-0-2; Totals 25-12-60.

Defeated Baker Plans To Retire

NEW YORK (AP) — Bob Baker of Pittsburgh, once the No. 1 contender for the world heavyweight championship, said today he was thinking of retiring.

After losing three of his four fights last year, Baker dropped a decisive 10-round decision to Billy Hunter of Detroit at St. Nicholas Arena Monday night.

"I can't see taking this kind of beating for a couple of hundred dollars," Baker said.

He has threatened to retire before but always returned. Baker weighed 218 to 188½ for Hunter, who was an 8-5 underdog.

CHS Cagers Draw London In Tourney

London, boasting a 12-4 record, will be Circleville High School's opponent in the Central District Class AA cage tournament Saturday night at the State Fairgrounds Coliseum.

Coach Dick Snouffer traveled to Columbus last night for the drawings. A total of 36 teams in this area were paired for the tourney.

The Circleville - London test will be the third game listed on the card Saturday night. The first game will start at 5 p. m. and there will be a 20-minute interval between the completion of one tilt and the beginning of the next contest.

London was one of eight teams seeded for district play. The others were Columbus North (12-4), Columbus East (13-3), Bexley (14-2), Columbus Central (11-6), Newark (11-5), Marysville (14-3) and Utica (13-2).

Circleville, currently 8-8 for the season, has two regular games this week, Wilmington here tonight and at Logan Friday. This represents a busy week of basketball for the locals.

Here is Saturday night's opening schedule in the order that the games will be played: Watkins Memorial (12-6) vs Upper Arlington (9-5); Columbus East (13-3) vs Worthington (8-8); Circleville (8-8) vs London (12-4); Marion - Franklin (4-13) vs Marysville (14-3).

Robertson's Score Margin Shrinking

NEW YORK (AP) — Bailey Howell of Mississippi State is closing in on Oscar Robertson of Cincinnati and Leo Byrd of Marshall in the individual scoring race among major college basketball players.

Howell scored 33 points against Georgia Monday night to boost his season's average to 28.8. Robertson, who has 32.5, and Byrd, 29.6, were idle.

Bob Ayersman of Virginia Tech moved up one notch to fourth place with a 37 - point output against George Washington. This increased his average to 28.6.

Robertson's point total is 585, Byrd's is 563, Howell 633 and Ayersman 515.

Two rookies on the spring roster of the Detroit Tigers were born in Detroit. They are pitchers Bob Bruce and Gerald Davie.

The United States Trotting Assn. reports that 15,906 horses started at least once during 1958.

Local Gunners Fire at Shoot

Tom Brannon, Art Wilkin and Al Van Fossen, owners and operators of the Route 23 Gun Club here, today announced the winners who participated in a merchandise shoot held Sunday.

Local shooters taking honors were Weimer Perrill, Jack Melvin, Ed Heath, Judd Dresbach, Wheeler Rittinger, Richard Elliott, Ned Hardin, Dr. Dave Goldschmidt, John Bell, Walter Ehmling, Marvin Spangler and Burnelle Newhouse.

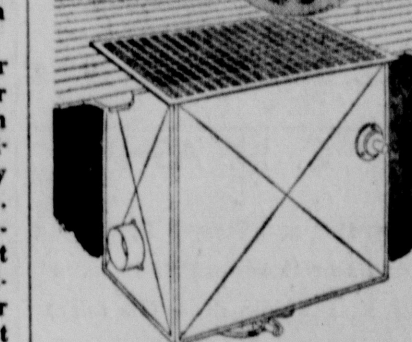

Out of city winners who participated were Alger Embry, Fultonhouse, Karl Crabb, Frankfort, Bill Cassealy, Columbus, Tom Gabriel, Columbus, and G. E. Garrison, Clarksburg.

The club, opened recently, is located on Route 23 about five miles north of Circleville.

The next scheduled shoot will be held Sunday. A program has been planned for registered and non-registered events.

Darby Ranks 11th In Final State Cage Poll

The Darby Trojans, after riding a four-week stay in the AP Class A state basketball poll, dropped to 11th this week with a 17-1 record. The Trojans' drop of six places was mainly due to arch-rival Scioto's 70-60 foul-ridden victory over Darby in the Pickaway County League finale.

As a result of the loss, Darby was forced to share the league crown with the Buffaloes, but may have the opportunity to avenge that defeat if both teams win tomorrow night in tourney play.

After absorbing its lone defeat of their fine season, the Trojans rebounded with a 62-38 slaughter of Monroe Twp. and last night continued to make "mincemeat" of opposition, trouncing Jackson, 76-40.

This was the final week of Class A ratings and for the first time in the history of the county, a team managed to make the state's top ten and finish 11th at its end.

Ohio's high school basketball teams headed into tournament tests this week with the 1958 state champions favored to retain their titles.

Cleveland East Tech, riding a 42-game winning streak, paced Class AA contingent in the weekly Associated Press Poll of 51 sports writers, and Northwestern of Wayne County topped the Class A brigade despite a couple of setbacks.

Only the double-A champions, of last week's top 10, retained the same spot as the elite list was shuffled. Toledo Central Catholic eased into second place, the first time Ellyria has been out of the runner-up berth.

Toledo Central's leap from fourth to second, Youngstown Chaney's rise from tenth to fifth, and Massillon's move from ninth to sixth featured the Class AA voting.

In Class A a newcomer moped into the top ten as the final ratings of the smaller schools was made. New Boston, Scioto County powerhouse boasting 18 straight wins, took over the tenth position as Darby Twp. fell from fifth to 11th.

Columbus Rosary, which jumped from tenth to second in class a last week, stuck to that berth despite a one-point overtime setback at the hands of Columbus St. Charles, a double-A school. It was the lone loss on the Rosary record this school year, the football team being unscathed on in nine straight wins, and the cagers copping 17 before bowing.

Rosary's winning streak was not the only one ended. Dover was halted at 10 in a war by Steubenville, 85-74, and Springfield's seven game stretch ended at the hands of Mansfield, 60-56.

Emil Hartman of the Ohio School for the Deaf, Columbus, probably was the state scoring leader. He racked up 710 points in 17 games for a 41.13 average. Despite the Cleveland boy's sharpshooting, his team lost 11 of 17 games.

Paul Winterhalter of Tiffin Calvert averaged 33 for the year, getting 89 last week in two tilts. Bexley's Tom Tussing did it in Frank Merriwell style to defeat Mount Vernon 64-62. His shot was rolling around the rim as the game ended, but the ball fell through for the winning points.

Clayton Keegan, 6-1 Townsend senior, picked up 49 points—21 in a blazing fourth quarter—to come from behind for a 67-62 win over Jackson-Burgoon in the opening round of the Sandusky County tourney.

After seeing its 17-game streak halted 70-60 by Scioto, Darby Twp. rebounded in the first game of the Pickaway County tourney for a 62-38 triumph over Monroe Twp. Salern, boasting a 13-game winning streak and a 16-1 record, ends its regular campaign tonight against Girard. Upper Sandusky's lone loss in 17 games was a one-pointer to Willard. Southwestern of Gallia county has a 17-1 record after losing the opener by three points.

Cleveland East Tech, its regular campaign completed, tangles Friday with St. Ignatius (15-1) for the city championship.

Laurelvile Edges Murray City, 67-60

Laurelvile advanced to the semifinals of the Hocking County Tournament last night with a 67-60 victory over Murray City.

The Wildcats earned the right to meet Union Furnace tomorrow night. Both schools tied with South Bloomingsville for the league championship with identical 9-3 records.

MC led for the first two quarters as center, Bill Smith, racked the nets for 19 points on drive-ins down the middle. For the game, Smith tallied 24 points, held to five in the second half.

Murray City ran to a 15-12 first quarter lead and was on top at halftime, 33-28. After adjusting their defenses in the second half, the Wildcats regained the lead at the third period mark, 49-46, and roared on to its seven point margin of victory.

TWICE previously Laurelvile bounced MC, 69-40 and 70-54. Mickey Young was top scorer for Laurelvile with 20 points from underneath the bucket.

He was followed in the scoring by Tommy Wiggins and Max Young with 15 apiece. Wiggins hit from out front and Young in the corner and side.

Terry Taggart followed Miner teammate in the Murray City scoring with 16 points on long outside shots, mostly in the second half.

A total of 29 fouls were called, 14 on Laurelvile and 15 on Murray City. Laurelvile notched 17 of 25 from the free throw line for 68 per cent.

The Miners hit for 12 of 20 for 60 per cent. The Wildcats will be trying for their first tourney win since 1937. For the past three years, Laurelvile has been runner-ups in the tournament and always to the same opponent, Union Furnace.

In other games, South Bloomingsville blasted Carbon Hill, 76-35, and Rockbridge upset Gibsonville, 71-59. Hocking County will send two teams to the District at Weston.

Laurelvile — Ebert 4-3-11; Young, Max 5-15; Young, Mick 7-20; Wiggins 6-15; Schroeder 3-0-6; Totals 25-17-67.

Murray City — Taggart 7-2-16; Mathery 1-0-2; Smith 10-4-24; Loner 4-3-11; Barber 1-3-5; Kreuger 1-0-2; Totals 25-12-60.

Defeated Baker Plans To Retire

NEW YORK (AP) — Bob Baker of Pittsburgh, once the No. 1 contender for the world heavyweight championship, said today he was thinking of retiring.

After losing three of his four fights last year, Baker dropped a decisive 10-round decision to Billy Hunter of Detroit at St. Nicholas Arena Monday night.

"I can't see taking this kind of beating for a couple of hundred dollars," Baker said.

He has threatened to retire before but always returned.

Baker weighed 218 to 188 1/2 for Hunter, who was an 8-5 underdog.

SPORTS

The Circleville Herald, Tuesday, Feb. 17, 1959

CHS Cagers Draw London In Tourney

London, boasting a 12-4 record, will be Circleville High School's opponent in the Central District Class AA cage tournament Saturday night at the State Fairgrounds Coliseum.

Coach Dick Snouffer traveled to Columbus last night for the drawings. A total of 36 teams in the area were paired for the tourney.

The Circleville-London test will be the third game listed on the card Saturday night. The first game will start at 5 p. m. and there will be a 20-minute interval between the completion of one tilt and the beginning of the next contest.

London was one of eight teams seeded for district play. The others were Columbus North (12-4), Columbus East (13-3), Bexley (14-2), Columbus Central (11-6), Newark (11-5), Marysville (14-3) and Utica (15-2).

Circleville, currently 8-8 for the season, has two regular games this week, Wilmington here tonight and at Logan Friday. This represents a busy week of basketball for the locals.

Here is Saturday night's opening schedule in the order that the games will be played: Watkins Memorial (12-6) vs Upper Arlington (9-5); Columbus East (13-3) vs Worthington (8-8); Circleville (8-8) vs London (12-4); Marion-Franklin (4-13) vs Marysville (14-3).

Robertson's Score Margin Shrinking

NEW YORK (AP) — Bailey Howell of Mississippi State is closing in on Oscar Robertson of Cincinnati and Leo Byrd of Marshall in the individual scoring race among major college basketball players.

Howell scored 33 points against Georgia Monday night to boost his season's average to 28.8. Robertson, who has 32.5, and Byrd, 29.6, were idle.

Bob Ayersman of Virginia Tech moved up one notch to fourth place with a 37 - point output against George Washington. This increased his average to 28.6.

Robertson's point total is 585. Byrd is 563, Howell 633 and Ayersman 515.

Two rookies on the spring roster of the Detroit Tigers were born in Detroit. They are pitchers Bob Bruce and Gerald Davie.

The United States Trotting Assn. reports that 15,906 horses started at least once during 1958.

Local Gunners Fire at Shoot

Tom Brannon, Art Wilkin and Al Van Fossen, owners and operators of the Route 23 Gun Club here, today announced the winners who participated in a merchandise shoot held Sunday.

Local shooters taking honors were Weimer Perrill, Jack Melvin, Ed Heath, Judd Dresbach, Wheeler Rittinger, Richard Elliott, Ned Harden, Dr. Dave Goldschmidt, John Bell, Walter Ehmling, Marvin Spangler and Burnelle Newhouse.

Out of city winners who participated were Alger Embry, Fultonhouse, Karl Crabb, Frankfort, Bill Cassealy, Columbus, Tom Gabriel, Columbus, and G. E. Garrison, Clarksburg.

The club, opened recently, is located on Route 23 about five miles north of Circleville.

The next scheduled shoot will be held Sunday. A program has been planned for registered and non-registered events.

Central Heating at LOWEST COST

Coleman

Oil Floor Furnaces

- ★ Best heat circulation of any floor furnace—makes any home easy to heat!
- ★ New ELECTRIC IGNITION models give fully automatic operation. It's the really trouble-free automatic ignition!

'59 MERCURY

Planned for People

Mercury's new beauty is planned for people... makes room for 6, not just 4!

Here's proof you needn't sacrifice comfort for beauty. Unlike most '59 cars, Mercury is beautifully built for roominess. For instance: the hump on the floor has been cut in half, giving the middle rider more leg room... and a thicker, softer cushion. Mercury has the roomiest passenger compartment of all. Has the widest doors. Has the most visibility. Yes, you're comfortably fixed... in a Mercury.

OTHER CARS

MERCURY

IN MERCURY THERE'S MORE SEAT CUSHIONING, deeper, thicker, softer under the middle rider. You'll find it's the most comfortable center-of-the-car ride on the road. Mercury gives you normal sitting height, too, for relaxed riding comfort.

FIRST SIDE-TO-SIDE WIPERS that clear a 6-foot swath, including the center area! Gives you better visibility thru the world's largest windshield.

NEW KIND OF RESPONSE FROM 4 GREAT ENGINES

- 210-HP Economy V-8
- 280-HP Marauder V-8... newest, most advanced engine in America.
- 322-HP Marauder V-8
- 345-HP Marauder V-8, biggest of all '59 engines.

Pickaway Tourney Eyes Semifinals Wednesday Night

One of the best and most exciting Pickaway County Tournaments in many years heads into its semifinals tomorrow night at the fairgrounds' coliseum.

Two games are on tap. The first at 7:30 p. m. pits Scioto (14-3) against Williamsport (13-7). Darby (18-1) faces Pickaway (7-11) at 9 p. m.

The Williamsport-Scioto game will be a toss-up as Scioto this year shared the league title with the potent Trojans, but absorbed its only loss of the league season at the hands of the Deers, 77-54.

The Buffaloes will have their hands full in halting the dead-end under-bucket shooting of Williamsport's David Myers and Nick Stonerock. Myers tallied 23 and Stonerock 19 in Deer-creek's narrow, 51-47, win over the Tigers.

Scioto features the play of speedy Dickie Melvin and the rebounding of Ernie Milburn and Jim Sealock. Milburn and Melvin also are top scorers, both finishing in the county's top ten scoring race.

The Darby-Pickaway encounter will have the Trojans favor-

ite to reach the finals. Darby defeated the Pirates in league play, 79-67.

The Pirates will need the stellar play of Jerry Anderson, who tallied 23 in their upset win over Saltercreek, 57-55, to take up the slack of Harry Lee, if he is again bottled up in the corner.

Pickaway has the experience, height and ability to cop any tourney, but its biggest trouble all year has been getting all five starters to click at the same time. When this happens, any opponent better watch out.

Darby has had two easy opponents thus far in the tourney and may be too relaxed. It pasted Monroe, 62-38, and last night clobbered Jackson, 76-40.

Trojan John Drummond came to the front last night with 24 points, plus able support from his teammates. The 6-5 pivot man held Darby together during last year's tournament with this rebounding and steady play and will again be called upon for a repeat Wednesday night if the Pirates prove its worth on the floor that it has on paper.

Dear Abby...

By Abigail VanBuren

Calling All Two Timers!

DEAR ABBY: A neighbor just left my house. She thought it was her duty to warn me against second marriages. I've been a widow for four years and, not to boast, I have had many chances to remarry. I am undecided because she is not the only one to speak against second marriages. I'd like to hear from some of your readers who have had personal experiences with a second marriage. Especially a good second marriage, if such a thing exists. My first husband was hard to beat.

YOUNG WIDOW
DEAR WIDOW: I'm sure there are many successful second marriages, and I hope I hear from lots of living examples. "It is not good for man to be alone," (or woman, either.)

DEAR ABBY: I married Howie on the rebound. He had just broken up with a girl named Agnes. He had "Agnes" tattooed on his arm but I tried to pay it no mind. Whenever there is some real moody music on the radio he will say, "I wonder what became of Agnes?" I'm expecting a baby in May and he told me if it's a girl he wants to name it Agnes. I don't want my daughter named Agnes. Its bad enough that he has "Agnes" on his arm. Am I wrong to refuse to name our baby Agnes and is there any way to get that tattoo off?

PEGGY
DEAR PEGGY: It's time your husband got "Agnes" off his mind and off his arm. (Tattoos are removable.) Tell him frankly that you are jealous, and don't want to hear any more about Agnes.

DEAR ABBY: I am a girl with a 16-year-old body but my mind is older. I went steady with a wonderful guy for three months and five days. He got mixed up with a bad crowd and now he is serving five years. I know he loves me and I feel the same about him. I promised I'd wait for him. If I go back on my word he will lose faith in all people. I think now is the time to prove my love for him by waiting. My friends think I am crazy. I am so mixed up and lone-

ly I don't know which way to turn. I can't kick a guy when he's down. Help me do the right thing.

MIXED UP
DEAR MIXED: You are confusing loyalty, pity and martyrdom with "love." A 16-year-old is not mature enough in her judgement to pledge herself to a 5-year wait. Go with others. If he's as wonderful as you say, he'll understand.

DEAR ABBY: Our daughter recently became engaged and was

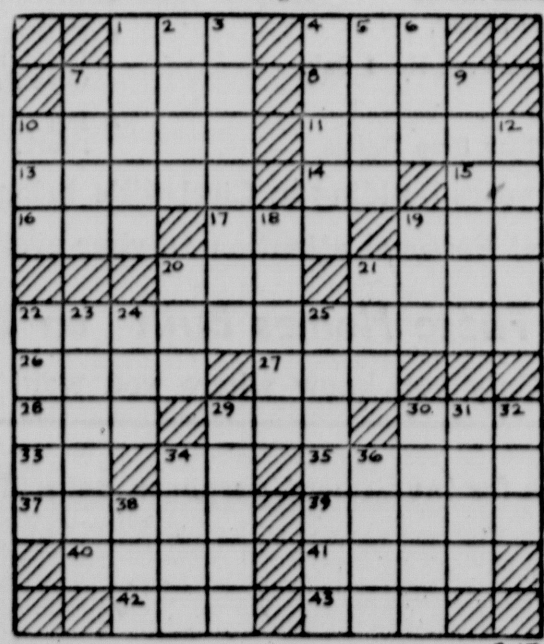

presented with a very expensive diamond ring. Is it her responsibility to have it insured or should her fiancé attend to that matter? They cannot be married for another year.

MRS. F. B.
DEAR MRS. B: After the girl accepts a ring, she owns it. It is her responsibility to insure it.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

Gasoline Tax Monies Distributed

Ohio's city and village street maintenance and repair funds share in \$2,952,910.50 of gasoline excise tax money which was distributed Friday by the State Auditor's office.

This is the first gasoline excise tax distribution of the year. It couldn't come at a better time. Between the recent flood and the severe winter, streets in many communities are the worst they have been in years.

The Auditor's office also is sending regular monthly gasoline excise tax distribution checks to counties and townships. Each county will receive \$20,000 while each township will get a check for \$400. The January distribution to counties was the same but townships received \$800 each.

Cities and villages receive gasoline tax distributions eight times each year while the counties and townships receive allotments each month.

Total distributions to cities, villages, counties and townships this time amounts to \$5,246,510.50.

County Relief Gets \$13,177

Pickaway County is receiving \$13,177.63 as its share of the third and final distribution of poor relief funds in less than two months from the State Auditor's office.

Total final distribution of the one cent undivided public utility tax to the 86 counties amounts to \$6,041,882. It is based on the amount of money that was spent for poor relief last year by the various counties throughout the state.

Auditor's officials said that this brings the total sent by the state to the counties for poor relief since Dec. 19, 1958 to \$20,156,277.

The Dec. 19, 1958 payment, coming nearly a week before Christmas, totaled statewide \$5 million. The January 26 payment which was in response to the needs of many counties for emergency poor relief to take care of flood victims totaled \$9,114,395.

The first two American stars of opera were both born in 1842. Clara Louise Kellogg was born in Sumterville, S. C., and Anna Louise Cary was born in Kennebec County, Maine. After brilliant operatic careers, both retired to Concord, N. H.

Fumes Kill Dayton Pair
DAYTON, Ohio (AP) — Cooper Fletcher, 38, and his wife Edna, 29, became Dayton's first victims this year of carbon monoxide poisoning. Police found them in their home Monday. They apparently died over the weekend, officers said.

'Redskin' Role Is Too Realistic

JONESVILLE, Mich. (AP)—The freight train rumbled over the crossing. Waiting in his automobile, Donald Wheeler saw the conductor lean out of the caboose and toss him a note.

Wheeler hopped out of his car and retrieved the message.

There was a dead man, it said, lying on a top of a straw stack a mile back along the tracks.

Wheeler notified the Jonesville post of the Michigan State Police.

On the strawstack, troopers found 13-year-old Frank Manke, still lying perfectly motionless a "dead redskin" in a game of cowboys and Indians with another boy.

In 1921 the Navy installed the first radio set in the White House.

Union, U.S. Rubber Co. Book Contract Talks

AKRON, Ohio (AP)—The United Rubber Workers Union will open contract talks March 3 in New York with U. S. Rubber Co., the industry's largest producer. Talks start March 10 with Goodyear Tire & Rubber Co., Firestone Tire & Rubber Co. and the B. F. Goodrich Co. The Goodrich negotiations will be in Canton, while the other two companies will negotiate in Cleveland. Supplemental unemployment benefits, pensions and insurance will not be discussed. Wages will not be discussed.

NEW HOLLAND
Grade School News
First Grade
Those who received 100 on our work in our Think-and-Do books, last week, were Steven Bryant, Billy Klever, Kelly Melick, Carol Lee Rowland, Bonnie Sutton, Patsy Smith and Pamela Manuel. Those who missed only one were Tommy Gifford, Ronette Minshall and Julie Wilson.

Carol Lee Rowland brought back some cotton plants when she returned from Florida and we picked some seeds out of the cotton bolls and planted them. We're waiting now to see what kind of a cotton crop we'll have in a few weeks.

We had an interesting discussion about what happens to the cotton after it leaves the plant, and the many different types of clothing which are made from it.

We also have planted some bean seeds as an experiment. Some are in dirt and some are kept on a moist sponge where they get only light and water.

THERE WERE 18 pupils in our room who attended Sunday School.

Second Grade
The following pupils made a grade of 100 on 16 words in review test 3: Nancy Collett, Melanie Osterle, Eddie Morrow, Johnny Rowland, Cindy Cottrill, Roger Walters, Larry Ankrom, Glenn Jo Woods, Jane Arledge, Kristi Cross, Gary Rohrer, Debbie Travis, Barbara Conkle, Jan Durlinger, David Gilmer, Darlene Day, Marian Wood and Vivian Thacker. Sixteen second graders attended Sunday School.

Third Grade
The pupils who made 100 in final spelling test and in a three-weeks review test are:
Ronald Manuel, Ronnie Salvers, Sonny Saxour, Johnny Saxour, Debbie Hill, Glendon Hart, Joyce Speakman, Peggy Cook, Peggy Marvin, David Shaeffer, Howard Knapp Jr., Paulette Wood and Mary Ann Mossbarger.

One day last week, we enjoyed a movie on Arizona. The fourth graders joined us at lunch hour for the show.

Fourth Grade
These pupils received 100 on Lesson 21 in spelling: Carolyn Ferguson, Cynthia Kelly, Deborah Sheets, Donald Funk, Jacqueline Doyle, Janice McKee, Phillip Brown, Rex Hunter, Robert Funk, Roger Knapp, Rose Mary Johnson and Thomas Kelly.

OUR BOYS HAD perfect attendance last week.

The following went to Sunday School: Janice McKee, Joyce Durlinger, Jacqueline Doyle, Cynthia Kelly, Diana Rohrer, Rankin Kirk, Nancy Williams, Michael Gilmer, Ruth Sutton, Paul Conkle, Thomas Kelly, Danny Creamer, Danny Shaw.

Eighth Grade
We were out of school Monday due to icy road conditions.

On our history test, Wednesday of last week, over chapter 27, Charles Hunter received a grade of 95. Ricky Stinson was second with 93.

Those who received 100 in spelling are: Kay Bush, Ricky Stinson, Elizabeth Redding, Patti Hidy and Charles Hunter.

We now have 23 pupils in our room. Patty Reed, Larry Hollar and Laura Hollar all moved at the end of last week.

WE HAD SIX A's in our English unit test taken on Tuesday. They are: Charles Hunter, 100; Kay Bush, 99; Janice Law, 97; Glenn Grimes, 97; Ricky Stinson, 97, and Patti Hidy, 97.

ATLANTA
First and Second Grades
In grade one, we are starting on our new book, "Our New Friends." We now have 11 students in grade one and 14 students in grade two.

In second grade spelling, we had only four perfect papers. We are changing from manuscript to cursive writing in grade two. It is interesting but difficult at first.

Third and Fourth Grades
Eight pupils were absent from school part of last week due to sickness.

Those getting A in the final test in Spelling last week were as follows: third grade, Terry Bush, Don Shipley, Mark Hudnell, Linda Kempton, Debby Morris, Becky Morris, Jesse Patterson, Gale Reisinger, Beverly Smith, Lynn Williams, Gary Wood, Carol Wood and Connie Young.

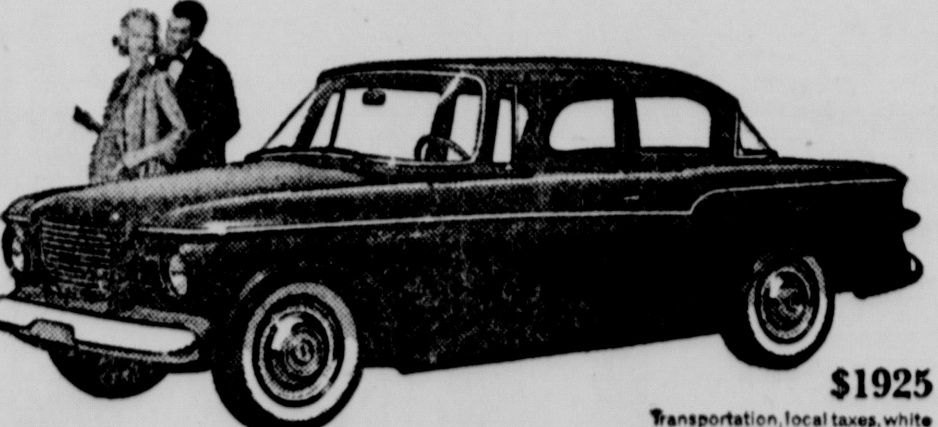

Fifth and Sixth Grades
SPELLING HONOR ROLL for week of February 2:

Gasoline Tax Monies Distributed

Ohio's city and village street maintenance and repair funds share in \$2,952,910.50 of gasoline excise tax money which was distributed Friday by the State Auditor's office.

This is the first gasoline excise tax distribution of the year. It couldn't come at a better time. Between the recent flood and the severe winter, streets in many communities are the worst they have been in years.

The Auditor's office also is sending regular monthly gasoline excise tax distribution checks to counties and townships. Each county will receive \$20,000 while each township will get a check for \$400. The January distribution to counties was the same but townships received \$800 each.

Cities and villages receive gasoline tax distributions eight times each year while the counties and townships receive allotments each month.

Total distributions to cities, villages, counties and townships this time amounts to \$5,246,510.50.

County Relief Gets \$13,177

Pickaway County is receiving \$13,177.63 as its share of the third and final distribution of poor relief funds in less than two months from the State Auditor's office.

Total final distribution of the one cent undivided public utility tax to the 88 counties amounts to \$6,041,882. It is based on the amount of money that was spent for poor relief last year by the various counties throughout the state.

Auditor's officials said that this brings the total sent by the state to the counties for poor relief since Dec. 19, 1958 to \$20,156,277.

The Dec. 19, 1958 payment, coming nearly a week before Christmas, totaled statewide \$5 million. The January 26 payment which was in response to the needs of many counties for emergency poor relief to take care of flood victims totaled \$9,114,395.

The first two American stars of opera were both born in 1842. Clara Louise Kellogg was born in Sumterville, S. C., and Anna Louise Cary was born in Kennebec County, Maine. After brilliant operatic careers, both retired to Connecticut.
